

February 5, 1936

The meeting was called to order by President Mon Orloff. Minutes of the previous meeting were read and approved.

Mae Rolle reported that there would probably be but one evening Rec Hour this quarter, due to night basketball games.

A report was made by Ruth Kulle on the transportation of band instruments to and from last night's basketball game. Miss Kulle reported that a student had been paid one dollar (\$1.00) to transport these instruments. The motion was made and seconded that we pay a selected person one dollar (\$1.00) each time the band instruments are transported to and from the games. The motion carried.

The proposed Ski Club requested financial support from the Board for next Sunday's trip to Mt. Baker. If they do not receive the eleven dollars and twenty-five cents (\$11.25) they are now asking for, it will be impossible for them to make the trip. It was moved and seconded that we advance them \$11.25 to help finance this trip. It was moved and seconded that this motion be amended to read "We advance them \$11.25 to help finance this trip, with the provision that a faculty sponsor accompany the students". The motion for amendment carried. The amended motion carried. It was suggested that the school do not attempt to handle skis, since there is no money in their rental.

Oscar Svarlien was present at the meeting to present to the Board members a plan whereby Mrs. Sutton, owner of the property adjoining Normalstad, wishes to change the course of a road which begins on Mr. Sutton's property and cuts through Normalstad. He wishes to move the road about thirty feet (30 ft.) further from our place. Mr. Svarlien suggested, with the recommendation of Dr. Bond, that this request be granted. Action was postponed until the next meeting.

Mr. Dack, who has built a small cabin for himself at Normalstad, asked Mr. Svarlien for some assurance from the Board that he would not be evicted from his cabin, unless the cabin would in some way interfere with a school project. Mr. Svarlien suggested that this request be granted also.

Florence Lund was appointed by the President as the Chairman of the Committee on Improvements at Normalstad.

Miss Cummins has asked that the International Relations Club be allowed approximately thirty dollars (\$30.00) by the Board in order that two delegates might be sent to the International Relations Convention to be held at Washington State College, Pullman, on March 20 and 21. Action was postponed.

Budget for Winter Quarter, apportionments for winter quarter, and a statement of deficits was read by the President. It was announced that Cliff Johnson and Burdette Miller were printing "official" basketball programs without the knowledge or consent of the Associated Students. It was decided that this matter would be discussed at the next meeting.

Nancy Jane Smith was present in the interests of the Northwest Viking. After a discussion, the Viking was granted money from the Social Fund.

A tentative apportionment of the balance on hand in the Social Fund was drawn up by the Board. The President announced that this apportionment would be turned into the Business office.

It was moved and seconded that the Winter Quarter apportionment be accepted. The motion carried.

It was moved and seconded that the Women's League be given thirty-five dollars from the social fund for Winter Quarter. The motion carried.

A report on the recent disbandment of the Men's Club was made by President Orloff.

Arne Johnson was instructed to award the two Board of Control pins tomorrow at the assembly.

Glen Nygreen was asked to obtain a written report from Miss Cummins concerning the International Relations Conference, and present it at the next meeting. Board members felt that we should be represented at the conference, but if student money were being used to help finance the trip, the entire student body should benefit from the conference.

The meeting was adjourned.

Esther Gius,  
Secretary to the Board.

February 17, 1936

Mr. Dak  
State Normal School  
Bellingham, Washington

Dear Mr. Dak,

As a member of the Board of Control of the Associated Students I have been asked to inform you about the discussion which took place at the last meeting. It concerns the cabin at Normalstad. We felt it impossible to give you any written statement as to your legal possession, however, there were no objections voiced to your occupying it. The Board passed a motion to that effect saying you might retain the use of the cabin so long as it did not interfere with any school projects.

We hope you will cooperate and let the school use it if any emergency should arise.

Sincerely yours,

Florence Lund, Normalstad  
Chairman

February 17, 1936

Mr. Sutton,

You are hereby notified that you may go ahead with your proposed project of moving your road 30 feet south, for the purpose of making an easier grade as it meets the highway.

It is urged, however, that care be taken so as not to damage any good sized trees, and that only brush and undergrowth may be removed.

This action was taken at the Board of Control of the Associated Students of the State Normal School at Bellingham.  
February 12, 1936.

Sincerely yours,

Florence Lund,  
Normalstad Chairman

be seven dollars and fifty cents (\$7.50) and the other quarters the fee be five dollars (\$5.00).

Mae Rolle resigned as Chairman of the Rec Hour Committee. Her resignation was accepted. Ruth Kulle was appointed by the President as the new Chairman. Miss Kulle accepted.

The meeting was adjourned.

E. Gius,  
Secretary to the Board.

February 13, 1936

The meeting was called to order by the President. Minutes of the last meeting were read and approved.

Mr. Kennedy, student boxing instructor, was present to present a plan whereby the Associated Students might purchase a boxing ring for approximately thirty-five dollars (\$35.00), the original cost of the ring being about one hundred and fifty-two dollars (\$152.00). It was moved and seconded that Mr. Kennedy present to the Board the exact figures for cost of the ring, and then the Board would decide whether or not to purchase it. The motion carried. President Orloff offered to see the heads of the Physical Education department before any steps were taken for the purchase of the ring.

It was moved and seconded that Mr. Dack be allowed to retain the use of the cabin which he built at Normalstad so long as it does not interfere with any student projects, and so long as he is employed by the school. The Board of Control reserves the right to recall this privilege at any time. The motion carried.

It was moved and seconded that the Board consent to Mr. Sutton's changing his road, which cuts across Normalstad property, so that it will terminate thirty (30) feet from where it now reaches the highway. The motion carried.

Mae Rolle reported that there would be an afternoon Rec Hour tomorrow (Friday) afternoon. It was moved that Tweit's orchestra be hired for the next Rec Hour. The motion was withdrawn. It was moved and seconded that Tweit's orchestra be hired for the remainder of Winter quarter Rec Hours. The motion carried.

It was decided that the matter concerning the International Relations Conference would be discussed at the next meeting.

There followed a discussion on the advisability of purchasing a printing press. Cliff Johnson reported that over five thousand dollars (\$5,000) a year was spent on school printing, and this money could well be turned over toward the purchase of a linotype machine. Such a machine is now on sale at Lynden for approximately three thousand dollars (\$3,000). With necessary equipment and repairs, an adequate print shop for the school would cost around ten thousand dollars (\$10,000). It was decided that this matter was worthy of thorough investigation. President Orloff and Cliff Johnson were delegated to consult with Mr. Wilson and prepare a report for some future date.

The idea of a student Union building was raised and several valuable suggestions were received. It was suggested that the College Inn be purchased and renovated; that the Conference room in the Library be remodeled and used; that a large house near the Campus be rented. Mae Rolle was appointed to investigate and report on the latter suggestion, which seemed to be the most favorable one.

It was felt that new Tennis Courts were needed. The President announced that the building of new courts would have to be an Associated Student Project. It was suggested that in order to raise funds the fall student fee

## SOCIAL SCIENCE DEPARTMENT

EDWARD J. ARNTZEN  
JAMES BEVER  
NORA B. CUMMINS  
THOMAS F. HUNT

C. H. FISHER, PRESIDENT

February 18, 1936

To the Board of Control:

The Annual Northwest International Relations Club Conference will be held at Pullman, Washington, March 20-21, 1936.

The International Relations Club of the Bellingham, Washington Normal School would like to send at least two delegates to the conference, therefore the club desires to secure from the Board of Control the sum of thirty dollars to pay the transportation costs, otherwise this club could not be represented.

The conference is conducted on a high intellectual plane and should greatly benefit the delegates and such an experience should have a stimulating effect upon the students with whom they would come in contact on their return. The delegates would be available to make reports to other clubs or class groups about the conference.

I hope you may find your way clear to allow such an expenditure.

Sincerely,

*Nora B. Cummins*

Nora B. Cummins

The meeting was called to order by the President. Minutes of the previous meeting were read and accepted.

Mr. Kennedy, student boxing instructor, was again present at the meeting and reported that the boxing ring could be purchased for thirty-five dollars (\$35.00), but that even if it were purchased there would be no storage space for it. The Board decided to drop the matter for the present, with the understanding that its purchase would be considered when room for storage could be secured. The owner's name was left with the secretary.

Ruth Kulle reported that there would be an evening Rec Hour on next Friday night.

Discussion of a student Union building was postponed until the next meeting because of the absence of Mae Rolle.

There followed a discussion concerning the purchase of a linotype machine. President Orloff said that Mr. Wilson felt that the school should contribute toward the building of funds for its purchase (as well as the Associated Student Body.) A discussion arose as to the advisability of moving the print shop into the basement of the training school. Cliff Johnson and President Orloff will continue their investigation concerning this question and report to the Board of Control later.

A letter from Miss Cummins concerning the International Relations Club Conference was read by the President. She requested that the International Relations Club be allowed thirty dollars (\$30.00) in order to send delegates to the Conference. It was moved and seconded that the Board appropriate thirty dollars (\$30.00) to send a group of delegates to the International Relations Club Conference at Pullman, March 20 and 21, 1936. The motion carried.

A plan was presented whereby members of the Tennis Team would receive two balls a week during the tennis season and a restring also, at the expense of the student body. The board was favorable toward this plan but it was felt that a formal request for funds should come from Coach Lappenbush. A request was made to have "Varsity" printed on one of the tennis courts for the use of the tennis team. Since rules concerning court use are part of the by-laws and will have to be amended if this is to be done, President Orloff will present the amendment for approval at the next meeting.

The meeting was adjourned.

Secretary to the Board,  
Esther Gius.

Charles F. Lappenbusch  
Director of Athletics

C. H. FISHER, PRESIDENT

Members of the Board of Control:

Concerning the purchase of tennis balls and five restrings for the members of the varsity tennis squad, I deem it advisable to do this.

The distribution of these tennis balls to the members of the squad, two balls per week to each member, can be handled very expeditiously through my office.

Thank you very much for your consideration of this matter.

Total expenditure not to exceed \$47.00

Sincerely,

C. F. Lappenbusch

Director of Athletics

February 26, 1936

The meeting was called to order by President Mon Orloff. Minutes of the previous meeting were read and approved.

Ruth Kulle announced that there would be no Rec Hour this Friday, but that there would be a Sophomore party on Friday night instead. After a lengthy discussion it was agreed that we should sponsor a Rec Hour Friday afternoon, and if the Sophomore class so desired, their party could be held on Saturday night. It was moved and seconded that we sponsor a Rec Hour Friday afternoon. The motion carried. The use of a sound truck for Rec Hours was recommended and considered by the Board. It was moved and seconded that a sound truck be hired for Friday afternoon's Rec Hour. Motion carried.

President Orloff read a letter to the Board from Coach Lappenbusch, Director of Athletics, requesting funds for the purchase of tennis balls and restrings for the members of the varsity tennis squad. The total sum, forty-seven dollars (\$47.00) will go into the athletic budget hereafter. It was moved and seconded that this request for forty-seven dollars (\$47.00) for the tennis team be granted. The motion carried.

The matter of a Student Union Building was again presented. It was reported that it would be too expensive to renovate an old house for the use of the students, and this could probably not be done unless the student body fee were raised. President Orloff and Mae Rolle agreed to investigate further and report soon on approximate costs per month if such a building is to be obtained.

It was announced that a linotype machine, were it purchased, could not be set under the training school rooms, because of the noise it would cause. A new building would be required to store the linotype machine. The Board decided to drop this matter for the present.

All Board members were urged to be present at the luncheon on Friday noon for the University of Washington symposium speakers.

A request that band members receive sweaters was made to the Board. Mr. Bushell asks that these sweaters be awarded yearly to worthy members of the band, the awarding to be left entirely to Mr. Bushell's judgment. It was asked that a formal request come from Mr. Bushell to this effect. The basis for awarding of sweaters will be voted on Spring quarter and incorporated in the constitution.

A plan was presented for the discontinuation of the Co-op. After a discussion it was decided that this matter would be dropped for the present.

Student behavior at assemblies was discussed.

The meeting was adjourned.

Secretary to the Board.
