## VIKING-FROSH MIX BRINGS 1928 BALL SEASON TO CLOSE

Jewell's Diamond Outfit, with One Early-season Victory Over the Yearlings to Credit Not Favored

## FROSH ARE POWERFUL

Normal Tossers Go into Battle with Same Weakened Line-up That Faced Ellensburg Rivals.

The curtains will be drawn on the Normal baseball season Saturday afternoon on Waldo field when Coach Earl Jewell's diamonders clash with the University of Washington Frosh nine.

Although the Vikings defeated the Yearlings 6 to 3 at Seattle early in the season, it is not likely that they will vanquish them as easily Saturday.

With their lineup shattered by the loss of three star players, Eddie Wingard, hurler; Smith, catcher, and Johnson, outfielder, the Blue and White ball tossers have only an outside chance of winning.

Coach Jewell's mound choice will be either Thorlaxson or Turner. Turner has been bothered with a sore arm and it is likely that Thorlaxson will take over the pitching responsibilities.

Other members of the Viking lineup will include Oscar Thorsen, Ted Clarke, Winnie Iverson, Zeke McClurken, Ray Odell, Ted Bailey, Karl Weber and Ben Hamilton.

Although the Frosh cannot boast an exceptionally strong aggregation they have been winning ball games of late and will come to Bellingham at full strength. Elwood Davis, former Normal coach, is in charge of the freshmen nine.

Mr. Miller's theme was "Chemistry in Relation to Medicine." Last year he won a state prize of twenty dollars in a high school essay contest.

The announcement of Mr. Miller's achievement was made in the Tuesday morning assembly by President C. H. Fisher.

## LIBRARY DEDICATION OUTSTANDING EVENT

New Era in History of School to be Inaugurated When Building is Formally Opened Tuesday.

Tuesday, June 5 will be one of the biggest days in the history of this Normal school, when the new \$260,000 library building will be dedicated. Nationally famous as a librarian, Dr. James I. Wyer, former director of the New York State Library School, and present director of the New York State Library, will deliver an address at 2 p. m., in the auditorium. An inspection of the new building by the students, faculty and guests followed by a reception will be held following the dedication program. At 8 p. m. the building will be thrown open to a public inspection followed by a reception.

All the books and furniture will be in place in the new library at the time of dedication.

## Finals Approached in Intra-Mural Tennis

With first and second round matches almost completed in the men's intramural tennis tourney, play is rapidly advancing to the finals, which will be held early next week. Warren Boynton, erratic southpaw, pulled one of the biggest surprises in local net circles this year when he downed Ham Church, Tuesday, 6-3, 8-6, to enter the final round. Theo. Norby, intramural champ last year, seems certain to be Boynton's opponent, and is favored to retain his title. To the winner of the match will go a minor sport "W," emblematic of the title.

The men winning their first matches and qualifying for the second round of play, are: Norby, who defeated Miller, Parker, who downed Duncan, Korsboen, victor, over Sundstrom, Stickeney, Boynton and Church. The men winning these matches will play other winners, according to the elimination chart and then winners of the second round will meet in the third round to decide the championship.

In the doubles only two teams are entered. They are: Church and Norby, and Hermesen and Erickson. These two teams will meet soon to decide the doubles title.

## Klipsun Hailed With Much Eagerness And Commendation by Student Body

Yesterday's arrival of the Normal 1928 annual, the "Klipsun," was eagerly hailed by the entire student body. Although some did say the cover resembled hamburger and calico, it and what is enclosed, received much praise.

The motive is strictly Normal life. No artificial theme was worked out, such as last year's Chinese design. Even the division pages are side-lights on students' proceedings, an interesting diversion from the usual instructions.

From the first peep under the cov-

## NEW OFFICERS FOR NEXT YEAR CHOSEN

Henry Turner, President of Inter-Club Council, with Committees, Formulates New Plan for Year.

Interclub officers for the ensuing year were elected at its last meeting on Monday, May 21. Henry Turner was chosen president; Frieda Massey, vice-president; Naomi Chase, secretary; Lyn Hughes, representative; Kristine Thordarson, representative.

These officers will constitute an executive committee that will meet with the faculty committee, and they together will discuss and solve inter-club problems. Heretofore, Miss Hilda Rosene has been the faculty advisor and medium between her group and the students. This has been a difficult position, but the system has been improved upon for next year.

The purpose of the council is a worthy one: "to promote the interests and the activities of all the students' organizations." The difficulty lay in the relative weakness of its laws and organizations.

All points of the council's constitution will be rigidly enforced next year, and any club failing to qualify in all respects to its standards, will be penalized or dropped.

## AUDIENCE PLEASSED BY NOVEL PIANO RECITAL

An unusual recital of piano music was presented in last Tuesday's assembly, when Vera Gimette, Chauncey Griffith, Melba Coffman, and Lenore Whitte, students of Miss Edith Strange, gave a program of solos, two-piano, and four-piano numbers. Chauncey Griffith opened the program with three solos by Chopin, Mendelssohn-Liszt, and Liszt. "Suite Gothique," by Bollmann, was a selection of four variations, played by the four pianists, two at each piano. The combined tones produced an effect from the softest play on the keys to a dynamic and melodious ending.

The third number on the program was a group of solos by Vera Gimette. Her second number, "Tango," by Albeniz-Godowsky, was especially well-applauded by the students. The final number was a two-piece selection, "España," by Chabrier, played by Vera Gimette and Chauncey Griffith.

er to the finishing page, one finds an abundance of photographs, both of the campus and of students. With this additional number of pictures is a corresponding out of reading material, arriving closer to the students' conception of an ideal annual. The humor section is startling. Roy Arnett, the Feature editor, has conjured some unusual combinations of students as well as caught some obviously natural ones. A great deal of credit is due Miss

## LIFE DIPLOMAS TO BE PRESENTED TO FORMER STUDENTS

168 Are Passed by Committee and Will Get Certificates Valid During Entire Life of Holder.

## EXPERIENCE REQUIRED

Certificates Are Only Awarded to Normal Graduates Who Have Had 24 Months' Experience.

According to Miss Delia L. Keeler, chairman of the Life Diploma committee, 168 life diplomas have been granted this year to graduates of the faculty and Board of Trustees. The diplomas are now at the State Superintendent's office awaiting his signature. Many of them will be awarded at the Alumni Banquet at Edens Hall, Saturday evening, June 2nd.

At present a graduate of the Normal is eligible to apply for a life diploma when he has taught twenty-four months and has satisfactorily completed one quarter of advanced work in this institution or in an institution training for elementary teachers approved by this institution. This additional quarter of work may be done after one year of teaching experience, subsequent to graduation. Persons holding the Special Normal School diploma, (three year course) at present are not required to do the additional quarter of work.

The law requires proof of twenty-four months of successful teaching experience. This institution has interpreted a rating of "good" or "excellent" covering a period of twenty-four months as meeting this requirement.

The Life Diploma Committee has completed its work for this year, and will not resume its duties until the beginning of 1929.

Life diplomas have been granted to the following:

## Interesting Vacation Activities Are Planned By Normal Faculty

Thirteen members of the faculty plan to spend the summer vacation months elsewhere than Bellingham, according to information compiled recently. Miss Hazel Plympton, with a group led by Henry Turner Bailey, will attend the International Art Conference at Prague, Czechoslovakia. From there she plans to visit other countries in Europe.

Miss Augusta Pragst is going to study in New York and visit relatives in Rhode Island. Miss Anna Peterson is also going to New York, where she will be an instructor in courses in elementary education at the University of Syracuse. Miss Olive Edens plans to spend the summer in Bellingham, leaving in the fall for a world tour. Miss Maude Slawson will attend the University of Washington this summer and leave for New York in the fall to study at Columbia University for a master's degree in Music.

Mr. Pelagius Williams will teach courses in history and government at the Normal school at Kalamazoo, Michigan. Mr. H. C. Philippi will study at the University of Chicago for about six weeks and then attend the second annual institute of the American Chemical Society at Evanston, Illinois. Scientists from all over the country will attend this meeting which will last about a month.

Miss Anna Ullin, Miss Orpha Mc-

Pherson and Miss Margaret MacKinnon will leave New York, June 16, on the Homeric, for Paris. Later they will go to London and make a tour of the British Isles. Miss Ullin plans to study at Oxford for about three weeks at the summer session.

Miss Ruth Van Pelt will leave about July 6 for a trip into the unexplored regions of the Canadian Rockies. The party to go on the trip is limited to 100 persons and will be led by guides. Not all tourists are allowed to go on this trip.

Miss Bertha M. Keller will be an instructor at the Shasta summer session of the Chico State Teachers College at Mount Shasta, Cal. Miss Keller will have charge of all the recreation of the school and hold two classes in Plays and Games and Community Recreation. These summer sessions are held in the mountains and all classes are held out of doors. Miss Keller has taught there two summers before. In the fall, she will leave to take up her duties as instructor of Physical Education at the University of California.

Miss Bertha Crawford plans to attend the University of Washington, taking courses in play production and other subjects. The play production course will be under the supervision of Kane, of the Theater Arts Institute of New York.

## GRADUATION WEEK CEREMONIES WILL BEGIN TOMORROW

Women's Track and Field Meet. W. A. A. Luncheon, Banquet Dance, Alumni Day Program

## DEDICATION TUESDAY

Dedicatory Exercises will be Followed by Tour of Inspection by Students, Faculty, and Guests.

At eight o'clock tomorrow morning the annual commencement week program will get under way, with the opening matches of the Women's Field Day. Besides the sport events, tomorrow, alumni day, will be featured by a W. A. A. sport luncheon at noon, an inspection of the new library building by visiting alumni in the afternoon, and the alumni banquet and dance at Edens Hall in the evening.

Features of the banquet will be toasts by various graduates, most of them chosen from the five-year period classes, this time from the classes of '03, '08, '13, '18, '23, '28, music, and the presentation of life diplomas by President Fisher.

Rev. Smith Is Speaker  
Baccalaureate exercises for the class of 1928 will be held in the auditorium at 3 o'clock Sunday afternoon. Besides the baccalaureate address, which will be delivered by the Rev. Dwight B. Smith, the services will include an invocation by Rev. James M. Wilson, singing by the audience and Mozart's Gloria as sung by a special chorus.

Library Dedicated Tuesday  
The Monday of Commencement Week is left for study, but Tuesday, Library Dedication day, is filled with functions. The program for the dedicatory exercises includes such features as the presentation of the building, by the architects, its acceptance by Dr. Fitzpatrick, greetings by Governor Roland H. Hartley, the dedicatory address by Dr. James I. Wyer, director of the New York State Library, and musical numbers by a special mixed chorus, accompanied by the orchestra.

Immediately following the dedicatory exercises there will be an inspection of the library building by students, faculty and guests. Later in the evening a public inspection and reception will be held in the new building.

Class Day Program  
Class Day activities this year will consist of a program in the assembly at 7:15 Wednesday evening, followed by the ceremonies on the campus during which the class numerals will be placed in the "walk of years" at the foot of the terrace. Events of these programs are kept secret. Following the placing of the class numerals the faculty will give a reception for graduating students, their friends and parents in the reception room of Edens Hall.

The program for the commencement exercises to be held in the auditorium next Thursday at 10 a.m. has been completed. Professor Howard Woolston, of the department of the University of Washington, will deliver the commencement address and the special mixed chorus and the orchestra will give some musical selections.

Besides the 237 students who are graduating at this time, it is thought that some of the winter and fall quarter graduates will return and take part in the commencement exercises.

## Stanford Scholarship Received by Marquis

Mr. Don Marquis, son of Dean W. J. Marquis, has received a Stanford university scholarship for the year 1928-29. Don will graduate from that University this June. He will use his scholarship next year and work on his Master's Degree. He is majoring in psychology. Don Marquis attended the Bellingham Normal for four quarters. He was prominent in student activities, served as president of the Associated Student Body, and was business manager of the Weekly Messenger.

## FIRST "NORTHWEST VIKING" LIBRARY EDITION, TUESDAY

### SPECIAL ISSUE

"The Northwest Viking" will make its initial appearance on the campus next Wednesday June 6, when a special library edition of the Messenger's successor is to be distributed. Although it has become some sort of a tradition that the last school newspaper issue of the spring quarter should come on on the first Friday of the quarter, because of the library dedication to be held Tuesday, the Messenger staff has decided to print this special edition in honor of the occasion. The greater part of paper will be devoted to stories about the library and the dedicatory exercises and pictures of the exterior and interior of the building.

Recognition of the opening of the greatest addition this school has ever known, could be given in no better way by the Messenger, it was agreed, than to devote one issue to this addition. And since this next issue is to be an outstanding one in the history of this periodical, it was thought that nothing could be more fitting and proper than to inaugurate its new name—therefore it will be "The Northwest Viking" Wednesday a paper will appear that we hope you will keep as a remembrance of one of the greatest occasions Bellingham Normal has known.

## Eats, Swimming and Sunburn Feature Thespian Week-end Party on Whidby

"What's all the noise?" "Oh, that's only another Thespian talking about their week-end party."

For that is all the Thespians have talked of since their return. They left about four o'clock last Friday afternoon, May 25, and returned at about eight o'clock Sunday morning. The time was spent at a rented cabin at Good Beach, about three miles this side of Coupeville, and sixteen miles south of Deception Pass ferry. Amusements were varied. The followers of Thespis forgot their calling and swam, rowed, fished, played ball, sun burned, hiked, ate, cooked, washed dishes and talked—at least Barney and Irene did. A portable Victrola was taken

and plenty of records. It is reported to have been the only thing which could compete with Barney's volubility.

The weather was favorable and except for Sunday morning, the dramatists were able to fairly live on the beach.

Sunday a short business meeting was held for the purpose of electing officers for next year. The officers were as follows: Barney Chester, president; Naomi Smith, vice-president; Bobbie Sullivan, secretary; Carlyle Jones, treasurer, and Randy Oberlatz, sergeant-at-arms. The picnickers came home with sunburned noses, tired muscles and oodles of pleasant memories.

FAREWELL, WEEKLY MESSENGER
Another year passes, and many of us move onward, our places soon to be taken by others. We go out from this school to varying walks of life, leaving two years of our lives behind us.

A few years hence and we of the class of 1928 shall be but a memory. Among many classes we shall have been only one—one of many which have come and gone and become but memories.

ATTENDANCE REGULATIONS CHANGED
No longer are our grades to suffer when we are absent from classes because of illness or athletic trips, for the attendance regulations have been changed in part.

Student Opinion
"Heaven help the poor boy. He has to stand for the modern girl." This seems to be the common opinion of the men students of this institution.

Each quarter that a student is enrolled in this institution, he is asked to pay a certain small fee for class dues. The freshman class at their last class meeting, voted to have a higher class dues.

When we get our eyes cleared of the glamor of Whidby Island we will try to continue with this column, or what have you?

It may be well to state in case you couldn't guess that we had little sleep but a wonderful time.

One morning we were kicked out of bed for no reason under the sun other than that we talked continuously.

We dressed and went down the beach all alone to watch the dawn come up. The sun was a great glowing rose coming out of the water of the bay.

We found a fish high and dry on the beach. The receding tide had left him there.

We couldn't help wondering if the tide of life with all its freshness and pleasure would ever go out, leaving us on the sands of Time.

A saucy little squirrel came and perched on our lap as we sat on the beach.

And when we came back to camp no one would believe us.

There are some of us who are egotistical enough to want nothing but our own company. Others get so bored with ourselves that we must have a crowd.

"The actress has so much poise"—said our chaperon in a camp fire discussion. "What kind of poys—little poys or big poys?" said a strong-armed freckle-faced member of the party.

We went rowing. The bay was marked off in strips of calm and ripples. The philosophic person with us said, "Isn't that a lot like life itself?"

And then we came back to camp and someone put several handfuls of pebbles down our shirt necks.

That's why we are so in love with life. It's so full of contrasts.

If we are in love with Life, Life will be more apt to be in love with us.

We were sun-burned—both inside and out. Outside by the sun; inside by some of the scorching remarks.

It would be easy enough to be a king if crowning was the only requisite. We usually come in for plenty of that.

Then we got gas under a sign that read—"General Merchandise and other stuff."

In our spare moments we got wondering just what the other stuff was.

If you get blue reading this we suggest you get a little book we discovered, entitled, "Boobs in the Woods." If that won't make you laugh, nothing else will.

A certain girl here at school is vice-president to four organizations. Does that signify that her vices are increasing?

And finally we came home after many "puns and coffee."

When your eyes are not strained you can more easily concentrate your mind on problems and they do not seem so hard. Consult John P. Woll, Optometrist. 205 W. Holly St.

TRAINING SCHOOL

"The Seven Old Ladies of Lavender Town," an operetta by Henry C. Bunner, will be presented this afternoon at 2 o'clock by the graduating class of the Training School.

The class had difficulty in obtaining the music for the production and the scores used are some which Miss Grace Moore fitted to words. The play is under the direction of Miss Bertha M. Crawford, eighth grade teacher and Norman Burclette, student teacher in English.

Costumes have been made and improvised by the class with the help of the student teachers.

Play Day, annual picnic day of the Training School, was held Tuesday afternoon. On account of the unsettled weather, luncheon was served in the rooms.

The pupils of the lower grades brought twenty cents each to pay for a lunch planned and prepared by committees of student teachers and children. The committees took into consideration the elements of a good picnic lunch and planned their food so that the meal would be well-balanced and easy to prepare.

At one o'clock the entire school with teachers and guests paraded to the knoll where they entertained each other with stunts, tumbling and folk dances.

Each grade wore its own colors and was assigned to a special section. The knoll program was ended by a wind-up of all the grades led by the pre-primary under Miss Kinsman.

From the knoll the children and teachers went to Waldo Field, divided into groups according to grades, and played games. The program on the field was under the general direction of Miss Therese Peters, teacher of physical education.

On Wednesday, June 6, the quarterly Training School paper will be issued under the name of "The Junior Viking" for the first time.

It is published by a staff of eighth grade children headed by Muriel Townley, editor, and directed by Miss Bertha Crawford. The name of the paper was changed from "The Junior Messenger," to "The Junior Viking," by unanimous vote of the grade children when the Normal decided to change the name of "The Weekly Messenger."

The Training School publication would normally appear a few days earlier but is being held over that the first issues of the "Vikings" may appear simultaneously.

BRAGI-MEN TAKE INTRA-MURAL MIX

With one game left to play the intramural baseball league results seem about decided. The Normal Drug met the Philos last night in what was probably the deciding game of the schedule but the results could not be obtained as the Messenger had already gone to press.

If the Philos defeat the Drug boys they will be in a tie for second place with the Vanadis Bragi. The Normal Drug line cannot be headed from top place as they have won four games and dropped only one, that to Vanadis Bragi.

Thompson's Independents started off fairly well but have not won a game of late, and now have a firm hold on the cellar position with one win and five defeats.

The possibility of deciding a champion in either intramural handball or horseshoes, is beginning to fade into the distant sky. Games are not going along rapidly enough to cause much excitement and the ladder is expected to be about the same as at present, according to Sam Carver, head of the department of physical education.

The ladder was hung in the P. E. office and a large sheet of paper alongside for challenges but so far the challenges are few and far between. Unless these roll in mighty fast in the next few days there just naturally won't be a champ in either event.

Feeling philosophical, and proud of my accomplishments as noted above, I thought of the approaching end of the quarter.

For me there is none of the momentary joy of vacation to be darkened immediately by the sorrow of leaving the good friends I have found during the year.

### Spikes ∴ Cleats Rackets

Well, folks I'm home sick with chicken pox, small pox, or whatever kind of pox you can think of, so you may expect the worst. Anyhow, I'm not writing this column this time, so don't blame me.

Most of you will be gone in another week, and I'll still be here, so naturally I'm going to say what I please—unless I offend someone a little larger than I.

We can't say that this quarter's record in men's athletics has been anything to brag about, still the fellows have done pretty well. And don't forget the good form our women athletes have shown.

After the excellent showing our baseball team has been making, in view of the handicaps it is laboring under, it certainly deserves a good turnout tomorrow afternoon when the Washington Frosh are encountered. If the fellows are clicking the agate like they did a week ago, we need not worry about a victory.

Norm Bright's performance of 4:39 in his time trial Tuesday afternoon proves beyond a doubt that our star young miler has better things ahead of him. Any runner who can make such time in his first year of competition is bound to improve greatly his second, if he keeps in condition and doesn't burn himself up.

And don't forget Ray Jewell's performances this spring. In garnering thirty-seven points in three meets, all of which were lost by his team, he must have established some kind or another of a scoring record.

This year's southpaw tennis team, of Myer Thal, Bob Fisher, and Niek Bond, while not an unusually successful one, made a creditable showing, especially in its last match against the Frosh. And by the way, Bellingham Normal seems to have a monopoly on port sidlers. In addition to the varsity trio, both Theo. Norby and Warren Boyton, intramural finalists, swing their racquets from the wrong side.

In the past too, Viking court teams have always been represented by members of the wilder brotherhood. Both Thal and Fisher helped out in 1927; Bernard Sullivan was second man in '26, and Ed Hannah, probably the best of them all, performed for two or three years beforehand.

**DEDICATION**

In view of our great accomplishments in the field of scholarship, literature, et cerera, we believe that it is only fitting to dedicate this column to ourselves. There fore—here's to Elden Bond. May he ever be as he is now, as wise, as just, and as intelligent.

### INTRAMURAL BASEBALL

Normal Drug	Won	Lost	Pct.
Philos	4	1	.800
Vanadis Bragi	2	2	.500
Thompson's Ind.	1	5	.167

In a loosely played game on Waldo Field Tuesday evening, the lowly Thompson's Independent nine gained a securer hold on the cellar position by dropping their final game of the season to the Vanadis Bragi, 10-7. Both pitchers were hit frequently and errors were numerous, while the home platter was spiked for a total of seventeen runs in the seven innings played.

The Independents ended their season with five losses and one win, and the Vanadis Bragi finished third in the intra-mural league with two victories and three defeats, with one more game to play with the Philos, who are runners up in the league with the Normal Drug for possible tie for first place, providing they capture Thursday's game and take the postponed game from the Vanadis Bragi.

The regular scheduled games for the twilight league will end Thursday when the Normal Drug and the Philos tangle in the final contest.

### VIKING NET SQUAD DOWNED BY FROSH

Makes Good Showing Despite Fact That All Six Matches are Lost. Clash Concludes 1928 Season

Although defeated in every one of its six matches with the University of Washington Frosh net aggregation, the Viking varsity tennis squad, which brought its season's competition to a close Saturday when it met the Yearlings on the Normal courts, put up an excellent brand of tennis and made what might be considered an excellent showing.

While failing to walk off with even one victory, the Vikings extended their highly-rated opponents in every match, and putting up an excellent battle, only succumbing because of the easily evident higher calibre of the Frosh.

**Frosh Are Good**

The young Huskies came here with a reputation of being the best first year squad the University has ever had, this in spite of last year's team, which played in Bellingham, and boasted Billy Newkirk, number one varsity man this year. The Frosh also held an easy early-season victory over the Vikings at Seattle, when they literally smothered the Blue and White warriors.

Their four-man team, composed of George Hoyt, Sverre Rostgaard, Dick Sharp and Bill Hurrell, rated almost as highly as the U. of W. varsity, found unexpected opposition in the Viking quartet of stars, several of the matches being hard-fought until the last point was played.

**Matches Close**

Myer Thal, Bob Fisher, "Nick" Bond, and "Chuck" Erickson opposed the Yearlings, playing in the order named.

**Match results:**  
Hoyt, Freshman, defeated Thal, Bellingham, 6-4, 6-2; Rostgaard, Freshman, defeated Fisher, Bellingham, 10-8, 6-2; Sharp, Freshman, defeated Bond, Bellingham, 6-1, 6-2; Hurrell, Freshman, defeated Erickson, Normal, 8-6, 5-7, 6-2.  
Hoyt and Sharp, Frosh, defeated Fisher and Thal, Bellingham, 6-1, 6-4; Hurrell and Rostgaard, Frosh, defeated Bond and Erickson, Bellingham, 4-6, 6-1, 6-4.

As the scores indicate, the Frosh were given a battle by the Viking team. The match between Hoyt and Thal proved to be the outstanding one of the day's activities. Both men were at top form and played sparkling tennis, but Hoyt, demonstrating almost faultless net play and uncorking a well-balanced reserve of shots, lived up to his reputation to take the decision. At that, Thal played some of the nicest points ever to be seen in this vicinity.

The Fisher-Rostgaard encounter was another corker, with Rostgaard exhibiting a drive than was never-failing in its accuracy. Point after point was brilliantly played, and the lanky Normal southpaw only succumbed after once having his opponent at point set.

"Chuck" Erickson showed unexpected ability in his match with Hurrell, and forced him to the limit to lose in a three set match in which the result was in doubt until the final game. Sharp, Frosh third man, completely outclassed Bond in their

### VIKINGS DROP STATE TRI-NORMAL TITLE TO ELLENSBURG IN THREE-GAME SERIES

After threatening to send Ellensburg down to defeat in their three game series here last week the Viking ball tossers weakened and dropped the last two contests of the series to allow the Wildcats to return home with the tri-Normal title in their possession.

Coach Earl Jewells athletes spilled the dope bucket all over the pastures of Waldo field Friday afternoon when they slammed their way to a 20 to 10 victory over Coach Roy Sandberg's charges in the series opener.

Working well behind the consistent hurling of Henry Turner, the Blue and White team batted the ball to all corners of the lot to take a comparatively victory. Home runs by Thorlakson and McClurken featured the contest.

The Eastern Washington team however, retaliated for its defeat Saturday morning when it came back and took the Norsemen into camp 8 to 0 behind the masterful pitching of McMahon. McMahon was practically invincible allowing only six scratch hits, while his mates found the offerings of Thorlakson, Viking twirler, to their liking and pounded out nine hits.

With a four-run rally in the ninth inning of the deciding game of the series, Ellensburg defeated the local school 8 to 4 to cop the tri-Normal ball title.

The score was tied 4 to 4 until the final stanza, when Sandberg's proteges started a procession around the bases that netted them four tallies. Turner started in the box for the Vikings but gave way in the fourth inning for Thorlakson, on account of a sore arm.

match, taking both sets with ease. The doubles also saw some hot competition, with both clashes well-played. ## SOPHOMORE PARTY UNUSUAL IN THEME

Cap and Gown Attired Orchestra Add Color and Jazz to Scene; Diplomas Used as Decorations.

Graduation was the theme of the unusual decoration scheme used by the sophomores to give color to the last party they will offer at Normal, the "Exodus," held Tuesday evening, May 29, in the big gym. Diplomas tied in blue ribbon, hung from every ceiling light. A center piece was a huge diploma strung with small lights.

Jerry Curtis' orchestra, dressed in the traditional cap and gown of the graduate, and behind a rostrum, forgot the dignity of the senior and played snappy music to which a good sized crowd responded with lively dancing and frequent calls for more. Punch was served under a diploma-hung arch on the landing.

**UNIVERSITY WOMEN PICNIC**

Semialmo Spit, between Blaine and Ferndale, proved to be the ideal spot for the American association University women to have their business meeting and party, last Saturday, May 26th.

Leaving Bellingham at ten forty-five, thirty-five members left in cars, provided for them, for one of the biggest and best parties.

On arriving at their destination, dinner was served then.

The lovely day and the sandy beach lured them into clam digging and swimming. Along with pleasure, business was mixed but in such a way it was fun. The installation of the new officers took place and committees were elected.

The ex-president, Miss Anna J. Peterson, of the Training school, turned the meeting over to the new president, Miss Inez Douglas, of Bellingham.

Miss Augusta Pragst of Normal Training school, was elected chairman of the Ways and Means committee; Mrs. Foster, of Bellingham, chairman of the Public Committee; Miss Nora B. Cummins, Bellingham, chairman of the Inter-Relations committee.

Some of the members were taken on an interesting tour through the Alaskan cannery on Semialmo Spit and saw how the cans for salmon packing were made.

The party returned to Bellingham late Saturday evening.

**HOLLIS VICK SPEAKS TO LEADERHIP CLASS**

Climaxing the success of the Leadership Class for the Spring quarter Miss Hollis Vick's Girls' Reserve Leader of Bellingham lectured to Miss Rosene's class last Monday evening.

Her lecture on "The Girls' Reserve" explained the organizations their ideals and honors obtained through the girls' intensive concentration and work on the fundamentals of life and philosophy of education.

The Girl Reserve organization brings out many educational qualities to the foreground of a girl's activity while being a member.

An important point brought out was the fact that a girl to be able to be a wearer of the Girl Reserve's ring, must be able to explain the significance of wearing the ring and tell the secretary why she deserves the honor and what the Girl Reserves really mean to her.

A girl's character, personality, and physical strength can be well-developed through the sincere effort of the achievements, of the girls as a whole are recognized.

Miss Vicks gave the girls small booklets about the Girl Reserve Ring Plan, as this has been a recent change in the organization.

## MANY SEE EXHIBIT OF ART DEPARTMENT

The Art Exhibit, which is held annually by the art department in its rooms on the third floor, attracted many guests, yesterday afternoon, May 31.

Work on display was the best of that done by all the Normal art classes and by the children of the seventh and eighth grades of the Training School.

As in previous exhibits, the basketry work attracted much attention, as did the posters and the toys. New features which proved popular were the metal work, the lacquered flower bowls, and the india ink landscapes.

Tea was served from tables presided over by Mrs. A. A. Adams (Mildred Stenvig), Mrs. M. Osseward (Marguerite Cave), Miss Margaret Burke, and Miss Iona Littler, all alumnae of the Bellingham Normal. Many students, members of the faculty, and down-town guests, took the opportunity to enjoy the work done by the art department.

## LIBRARIANS ATEND TRADITIONAL DINNER

The annual library staff dinner held at Montague-McHugh tea room, Monday evening, May 28, proved to be a most enjoyable affair for those who attended.

All girls who intend to stay at the dormitory during the summer must be sure to sign up with Miss Parr.

If there are any girls who have failed to do this, there is a short waiting list; so there is still a chance to get a room in Edens Hall.

## Faculty Members Make Canadian Trip

Reporter Is in Such Haste That He Forgets to Get Names of Faculty. Trip Is Enjoyed.

A group of faculty members reports a wonderful past week-end at Fraser Canyon, Canada.

Leaving Bellingham Friday, the party arrived at its destination late in the evening.

Camping out in Canadian mountains, and sleeping under the stars, was a regular treat for them.

Saturday and Sunday was spent in exploring the beautiful surrounding country. They returned late Sunday, tired but with pleasant memories.

## CURRICULUM COMMITTEE

At this week's meeting of the curriculum committees, it was suggested as purely an experiment, that there should be a modification of the penmanship course to more nearly meet the needs of the student. As so much hand-work is necessary in the schoolroom it would be well if the teacher knew the fundamental workings of the typewriter, mimeograph and hectograph. Also if the student teacher could get practice in manuscript writing it would make blackboard work much easier. "As yet there have been no steps taken to establish this new system and it will not affect the majority of the students, probably only those taking the primary curriculum," said Dr. I. E. Miller, when interviewed on the question.

The English department has brought up the question of a brief course in composition in connection with the first quarter Freshman English. There is a need for this as it is not dealt with in any of the English courses now offered. The fundamentals of English will be given in the course.
