CONCERT-LECTURE

Presents Baritone

Baritone, Mr. Roald Reitan will be presented in concert Monday, August 14, 8:15 p.m., in the College Auditorium.

Roald Reitan was born and raised in Tacoma, Washington. He attended public school as well as the University of Puget Sound in Tacoma. It was while at UPS that Roald began his vocal studies under the direction of Ivan Rasmussen, now at Stanford University, and upon completion of his bachelor's degree, he went to New York City, where he received his master's degree in fine arts.

After he served in the United States Army, Roald continued his education at Stanford, where he again studied under the guidance of Ivan Rasmussen. It was while in the Bay area that he auditioned for and received a contract with the San Francisco Opera Company, to appear in the American premiers of "The Dialogue of the Carmelites" by Poulenc.

As a result of another audition Roald was selected as one of the twenty regional finalists of the American Opera Auditions Inc., to receive intensive training in Cincinnati, Ohio. After the two month period he was chosen, along with seven others, to represent the United States in opera debut performances in Milan and Florence, Italy.

In January of 1959, Mr. Reitan entered the Metropolitan Opera auditions on the local level (Seattle, Washington) and was selected to represent the Pacific Northwest in the National auditions held in the Metropolitan Opera House, March 2, 1959. Reitan was announced co-winner and received a contract. He made his debut in the fall of 1959. Now in his second season, Mr. Reitan has appeared in over a dozen different operas.

WATER SAFETY

Needed at Lakewood

Summer months account for a large portion of the nation's accidents. Because most mishaps are associated with the leisure time activities of the people it is necessary to stress safety measures to prevent these occurrences. Accidents in the water can be prevented if citizens abide by common-sense rules.

At Lakewood, the college recreational playland, adults and students are sometimes failing to follow simple instructions. It was observed by Mr. Reynolds, coordinator of student activities, that students are misusing the Lakewood area and turning it into an area of careless play. Water skiers have come close in near the swimming area. Also swimmers are venturing out too far and swim in the water skiers' area. With this sort of activity, accidents are bound to happen. Mr. Reynolds cautions boaters and swimmers to respect common-sense rules of safety.

Women, and Angels" will be presented at the Queen Elizabeth Theatre. Tickets for this event are from \$1 to \$3.50.

Tonight and next Friday night the Festival Symphony Orchestra will be featured in a concert at the Queen Elizabeth Theatre. Tickets are priced from \$1 to \$5.

MR. JAMES MULLIGAN

Publications Adviser Comes

Mr. James Mulligan, formerly of Casper College, Wyoming, will handle the public information program, teach journalism courses and advise student publications for Western this fall. He will be responsible for mailing news items about Western's faculty and students to hometown media. Under this agency, Mr. Mulligan will also distribute college news to the Bellingham Herald and local radio and TV stations.

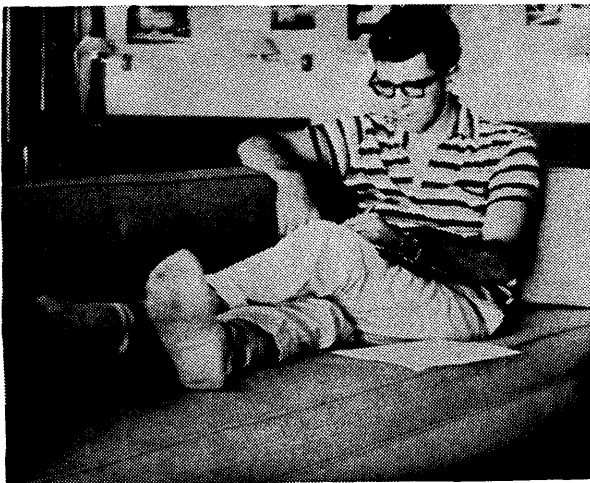

Mr. Mulligan received his B.A. in the field of journalism and M.A. in the field of mass communications from the University of Washington. He worked for the San Diego Union for two years, spent a year on the staff of the Edmonds Tribune-Review and worked with the Seattle Times while attending graduate school. For the past year he was on the faculty of Casper College, Casper, Wyoming. The work he did at Casper was similar to his duties at Western — teaching courses in journalism, advising student publications and handling the public information program of the college.

Students who will enroll in Mr. Mulligan's journalism class this fall will be given a survey course in mass communications, rather than concentrating strictly on newswriting. All avenues of mass media will be considered, such as its role in society and techniques of the various media. Students will also receive instruction in newswriting techniques.

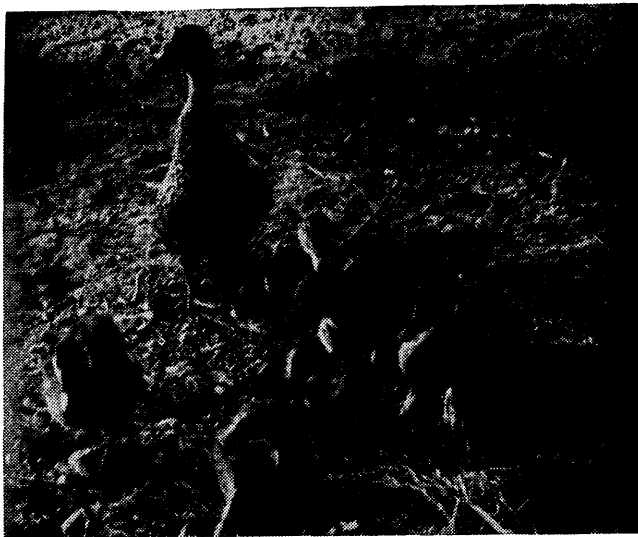

Mr. Mulligan's plans for the Collegian and Klipsun are indefinite as he has not yet spoken with the editors and staff of the respective publications. However, the current format of the Collegian will be continued with little or no change. Concerning the yearbook, Mr. Mulligan would like to see more full color photographs and the use of enamel paper to aid reproduction of photographs.
