

Meeting of October 13, 1903. The Board met pursuant to special call ~~at~~ the office of Trustee Minton. Present Trustees Edens, ~~and~~ Minton, Principal Mathes, the Clerk and Architect A. Lee.

A communication was read from the Norris Safe and Lock Co., Seattle, Washington, saying that the order for a vault door, which the Board had refused to accept because of the failure of this firm to prepay the freight on the same, had been ordered by former Chairman L. P. White in his life time, and that the prepayment of the freight had not been a condition of the purchase of the door at the price billed to the school. The Clerk stated that the correspondence in the matter showed to the contrary. Thereupon he was ordered to again notify the firm that unless the freight was deducted from the price of the door the Board would refuse to accept it.

Miss Mabel M. Moore, of Ironwood, Michigan, was elected teacher of music at a salary of \$250 per year. Her employment to date from October 1, 1903.

These vouchers were ordered certified to the State Auditor that warrants might be issued:-
