

Nov. 10, 1932

A special meeting of the Board of Control was called to order by President James Butler. The minutes were read and approved as read.

James Stoddard, Editor of the Viking, was interviewed as to the Homecoming issue of the Viking. The Business Manager of the Klipsun did not want the Klipsun football cuts to be used by the Viking unless that paper stood for half the expense. Mr. Stoddard said that the cost of the cuts would be more than the Viking could stand, but he would like to run them as a part of the Homecoming issue.

The Board decided not to make a decision on the matter and it was moved and seconded that the editors and business managers of the Viking and Klipsun be called in at the next meeting to discuss the question of the using of the football cuts by the Viking. Motion Carried.

Mr. Stoddard also made the statement that the cut in his salary was unfair and asked that the old salary of \$10 per issue be maintained.

A motion was made that a compromise step be taken and that the editor's salary be cut 10% or \$1.00 per issue instead of 20% as the previous decision provided. Motion Carried.

A motion to adjourn was seconded and carried.

November 14, 1932

The regular meeting of the Board of Control was called to order by President James Butler. The minutes were read and approved as corrected.

The correction concerned the discussion of a reduction in the salary of the Business Manager of the Viking.

The editors and business managers of the Viking and Klipsun were called in to settle the dispute over the use of the football cuts by the Viking. The Klipsun officers agreed to the use of one of the pictures in the Homecoming edition of the Viking.

Roger Chapman was interviewed concerning a reduction in his commission. He also brought up the matter of charging the faculty \$1.50 for subscriptions to the Viking for four quarters. At the present time, the faculty are contributing nothing toward the financial support of the Viking, yet, they receive copies of the paper every week. It was decided to present the case to the faculty to get their reaction before taking definite action on the matter.

A discussion was held concerning the possibility of reducing the Viking Business Manager's commission to 18%. The subject led into a general discussion of how the budget could be further slashed so as to effect greater savings. The matter of cutting the business manager's commission ^{was discussed} until further investigation could be made.

It was decided to hold this Friday's rec-hour after the bon-fire in the evening. It is to be a single one-hour affair due to the fact that the Homecoming dance comes the next evening.

Mr. Bond reported that somebody was cutting wood ^{near} ~~on~~ our property at Normalstad. He was not certain whether or not they were on our property. It would cost \$25 to determine that fact. No action was taken.

A motion was seconded and carried that the Board adjourn.

A regular meeting of the Board of Control was called to order by President James Butler. The minutes were read and approved as read.

The secretary was instructed to post notices calling for applications for Editor and Business Manager of the Viking. They will be elected at the next meeting of the Board.

The Drama Club is thinking of buying two spot lights. In as much as the Associated Students would and could use them to advantage, the club wanted that body to stand half the expense. This would amount to \$30.

It was moved that the Board vote \$30 for the purchase of two spot-lights to be used in co-operation with the Drama Club. Motion seconded and carried.

Mr. Gwin was interviewed concerning the cleaning of the gym after rec-hours. The janitor department requested that the Board pay for cleaning the gym after each rec-hour. The bill each time would amount to about \$1.75. Mr. Gwin agreed to have the gym swept clean before each dance if the Board was to pay for cleaning it up afterward. No definite action was taken on the matter.

A discussion was held concerning the rooting of the students at the athletic games. There does not seem to be a high enough grade of support given our teams. Various methods of improving the yelling were discussed but it was thought best to let the yell leaders handle the problem.

It was moved and seconded that Mr. Bond be allowed to act as he thinks best concerning the matter of the wood-cutting near our property at Normalstad. Carried.

A motion to adjourn was seconded and carried.
