The first real game of the 1923 season was witnessed by an enthusiastic crowd of about 800 students, Saturday, October 13, when the husky State Normal football eleven held the famed "Loggers" of Tacoma to a 7 to 7 tie.

The rival team put up a desperate fight but found that the Blue and White was likewise out for a practice game.

Early in the second quarter Dick Bruland, quarterback for the Blue and White fumbled the pig skin on Normal's 30-yard line. "Rip" Revelle, left halfback for the visitors, took immediate advantage of the fumble and made it possible for the Loggers to push their way through the Normal line, with Revelle scoring. Allerdice converted goal.

NORMAL TIES C. P. S. HARD FOUGHT CONTEST

(Continued from Page One)

The gloom which reigned for a short time over the rooters for the Blue and White was soon cleared away and the future appeared bright and sunny once again when the Loggers were penalized 15 yards because of the attempt of Swartz, right tackle for the visitors, to coach the officials on how to run the game. Bruland in a twinkling of an eye shot a pass to "Keppy" Keplinger, right end, thus netting a 20-yard gain with the ball on the Logger's 10-yard line.

Macpherson and Bruland then attempted to push through the visitor's line, but only two yards were gained. The Loggers were determined not to let the Blue and White pass, but suddenly the pigskin shot up into the air from the hands of "Waddy" Graham into the arms of Keplinger, who was waiting across the visitor's line to receive it. "Kepp" also converted goal with a drop kick. During the second half the teams ought fevently with most of the playing in the center of the field, little yardage being made by either team. The third quarter ended with the ball in Normal's possession on its 25-yard line. The game ended with the ball in the possession of the C. P. S. team.

COME AGAIN
 (Exchange)

By Jim Nasium
 (With apologies to an old song)
 Bright lights are flashing before the
 halfback's eyes;
 The quarterback and fullback are nurs-
 ing busted thighs.
 The tackle tried to buck the line while
 offering up a prayer,
 And in a mass of human fragments he
 has climbed the Golden Stair.
 The center rode a mass play through the
 Pearly Gates;
 The surgeons in the hospitals are mend-
 ing broken pates.
 Somebody gouged my eye out, a nose
 was seen to fall,
 While scrambling over the goal line,
 af-ter the ball.

Chorus:
 After the ball is over; after the field is
 clear;
 What did you do with my eyebrow?
 Where is the rest of my ear?
 Somebody has my ulna bone as a sou-
 venir of the brawl,
 And I lost a lung on the five-yard line,
 af-ter the ball.

The captain took the kick-off and was
 carted from the game;
 The fullback tried to crossbuck, and
 he'll never look the same.
 The right end smeared a forward pass,
 in a quivering mass of remains,
 One had an armful of arms and legs,
 another a handful of brains.
 The quarterback has vanished into the
 Sweet Bye and Bye;
 The left end's in the garbage can
 search-ing for his eye.
 The season now is over—the din, and
 shout and all,
 But some of the boys are not all here,
 af-ter the ball.

Chorus:
 After the ball is over; after the field is
 cleared;
 Somebody's got my knee-cap, my scalp
 has disappeared.
 The boys are in the study room, the
 cheering squad and all,
 But some of their principal parts were
 lost while after the ball.

**ENTIRE STUDENT BODY
 ATTENDS FIRST MIXER.**

Practically the entire student body
 of the Bellingham State Normal, in hard
 time costume, attended the mixer held
 Friday evening, October 12. The affair,
 under the direction of Miss Miriam Sel-
 by, was the first of the quarterly mixers
 to be held this year.
 The students assembled in the audi-
 torium, where they were entertained
 with several interesting numbers. The
 Misses Marguerite Oatt and Romance
 Rusk sang a duet, accompanied by Miss
 Hortense Yule. Oliver Nelson and "Tiny"
 Clausen presented a short skit which
 provoked gales of laughter. Miss Wino-
 na Weisner's piano solo was so well
 liked that she was called back for an en-
 core. Elsworth Lumley gave two whist-
 ling solos, with Francis Clausen at the
 piano, and was also called back. "Til-
 lie the Toiler," presented by a number
 of students, contained "digs" at the

student body and faculty members. An-
 other number was an interpretive dance
 by Miss Marjorie Lawson, accompanied
 by Miss Dolores Farnung. A vocal solo
 by Miss Mary Passage, with Lowe Bart-
 ruff at the piano was well received. The
 last number was a mock registration
 which enabled the students to see them-
 selves as others see them at the begin-
 ning of each quarter. About fifteen
 students took part in this. Miss Fran-
 ces Vaughan introduced the acts.
 The majority made their way to Edens
 hall, where a five-piece orchestra fur-
 nished music for all who wished to
 dance. The large dining room, decorated
 with corn and bright-colored pumpkins,
 was crowded with dancers. Between 300
 and 400 chose this form of entertain-
 ment.
 Other features were fortune telling in
 the dean's office and games in the small
 gymnasium. Those who were not at-
 tracted by the dancing at Edens hall
 found their way to the gymnasium,
 where games, chosen especially for their
 possibilities as ice-breakers and for get-
 ting everyone acquainted with as many
 students as possible, were played.

If You're Seeking Sights and Scenes Supreme.
See Washington's Wonders in Mountain and Stream.

It isn't our intention to write a sermon on what you shall or shall not do; neither are we attempting to regulate your behavior or control your movements in this school; nor do we even request that you read these words of warning.

But, and this is directed at those of you who are away from home for the first time, you must keep in mind certain things, and observe them rather consistently if your stay here is going to be as profitable as it ought to be.

First of all, do not let your system of classes and "off" periods confuse you. Do not think that vacant periods were given you so that you might oversleep, call on a friend, or engage in a delightful chat. They were intended for study, and it is your responsibility to see that they are profitably employed.

You must organize and adhere strictly to a time schedule, or you will find your hours flying past all too swiftly.

We have heard more than once "that if they only kept us moving all the time, everything would be well." Let us suggest that it is your own duty to see that you keep moving. No one else is going to worry.

Make it a point to be regular in your habits, keep your room in order, and work when you should. You will find that the returns in improvement and enjoyment will be compensating.

—B. S. N. S.—

DO YOU KNOW?

that we have an organization in this school whose influence is felt throughout the world. Representatives of this organization are in China, Korea, Siam, Burma, the Near East; in fact in every country of the world with the exception of Africa and Japan? Welcoming new students at boat and train, calling on the sick, providing social recreation for the entire student body, bringing outside distinguished speakers here, and furnishing inspiration to many, is only part of the work of the Y. W. C. A.

May it expect you to help it in its work?

—B. S. N. S.—

BETTER YELLING; MORE YELLS.

The spirit was there; the will to do was present; there was an adequate stimulus, but the machinery for response and expression was imperfect.

We have reference to the Normal vs. C. P. S. game, Saturday. The game was enough to make anyone yell. And the yelling was plentiful. But we want more than mere responses. We want those responses all directed into one channel and all to flow through at the same time. We want a slide that will sweep everything away, instead of a few washouts here and there.

The yell leaders have made a plan for closer grouping, louder yelling, and MORE YELLS! It soon became apparent Saturday that the crowd must rely on three regular yells and a few chants to do the work. Let us "make up" more yells, and learn them well. Allowing the opponents to feel that we have employed all we have is poor policy. We must surprise them every time.

Allowing the opponents to out-yell us when our team is losing is inexcusable. Allowing them to out-root us when the team is winning

Car Damaged.

An automobile belonging to H. E. Fowler, head of the English department of the Normal, was damaged last Sunday evening when it was hit by another car driven by J. H. White. The Fowler car was parked in front of their residence on 816 High street, when the accident occurred. J. H. White claims that he became confused at the lights of another car coming in his direction, swerved over, and crashed into the Fowler automobile. The damage is estimated at sixty-five dollars.

Student Opinions

The fellow who sits in the back row and invariably has something to add to every remark the instructor makes is to be classed with the rest of the nuisances that infest every institution. This particular brand of nuisance is very offensive to me. His remarks and witticisms seem entirely out of place, after the well-thought-out, intellectual discourse of the man or woman who has the floor.

Why should the time of the instructor and student be wasted by listening to the would-be clever chatterings of a budding wit? Like Everett True, I would fain use violence as a means of securing an immediate and effective result.

**ATTRACTIVE NUMBERS
OFFERED STUDENTS**

The Normal school is offering to the student body this year a Musical Artists course of five numbers which includes a better class of artists than it has ever before been possible to offer. The artists who are scheduled to appear in our auditorium during the school year of 1923-24 are all prominent in the musical world and are recognized as people of unusual ability. The increased student activities fee has made it possible to provide this high type of musical talent which will be available to every student. The following artists have been engaged to appear during the year:

The Tollefsen Trio, October 24th.

Carl Tollefsen, violin.

Augusta Tollefsen, piano.

Paul Kefer, violincello.

Marie Sundelius, November 14th.

The Swedish-American prima donna soprano of the Metropolitan Opera Company, New York City.

Paul Althouse, January 16th.

Tenor of the Metropolitan Opera company, New York City.

Max Rosen, noted violinist, Feb. 27.

Mrs. H. H. A. Beach, April 11.

American composer and pianist.

In addition to the above Musical Course, the following lectures are also coming to the Normal school.

Dr. E. T. Devine, Oct. 29-30.

Prominent lecturer on sociological subjects.

Former editor of the Survey.

Ada Ward, Nov. 27.

An English woman who has been successful as a lecturer in the United States. Her topic will probably be "You Americans."

Dr. Albert Bushnell Hart, Feb. 4.

Professor of history, Harvard university.

Dr. Mukerji, March 10.

Highly cultured Hindu, who speaks on various Eastern subjects.

On Friday, March 28th, the Charles Rann Kennedy company will appear in "The Chastening," a dramatic production. Charles Rann Kennedy will appear in person and will be assisted by his wife and another actress of unusual ability.

Training School

The 8B grade is operating a school bank as a class project. It is known as the First National Bank, and evidently seems to be doing a lively business.

The seventh and eighth grades have a Students' Association similar to the student organization in the Normal school. A committee is appointed to take charge of the meeting.

The primary department held its first assembly last Thursday in room 130. The affair was in charge of the third graders. Philip Crimmins exhibited a collection of articles made by the natives of Alaska, and explained them in detail. The Parka and Mucklucks were very fine specimens of Eskimo handcraft.

The next assembly will be held Thursday, October 24th; the children of the kindergarten will be responsible for the work of the hour, which extends from nine to nine-fifteen, and anyone is welcome.

Miss Moffatt and Miss Montgomery both have expressed a desire to attend the W. E. A. convention which meets in Seattle next week. They plan to attend alternate days during the meeting. Miss Veverka, of Los Angeles, will be the principal speaker in the primary department.

EDENS HALL NOTES.

Miss Headrick was the guest of Mr. and Mrs. Frank H. Clark, at the Twentieth Century club, Tuesday night. Several former University of Washington students, residing in the Hall this quarter, attended the banquet at the Aftermath clubhouse, Thursday night.

Florence Smith and the other teachers of the Silver Beach school, were entertained Monday night at the home of Miss Esther Stuber.

Emily Pratt is acting as nurse in Edens hall this quarter, and no doubt will become adept in the art of disposing of Miss Mead's famous pills.

Mrs. John Woodhouse visited her daughters, Dorothy and Evelyn, Sunday.

The Daily Dozen club, the latest organization at Edens hall, held its first meeting Saturday night. All in attendance reported a wonderful time, but several were seen limping stiffly through the hall on Sunday.

Bertha Sundeen spent the week-end at her home in Anacortes.

Laura Beebe visited at the home of Mrs. John Cox, Sunday at Whatcom Falls park.

Annie Belfry visited her parents and friends in Hamilton over the week-end.

Ollie Rucker spent the week-end at her home in Mt. Vernon.

Margaret and Madge Fournier visited their homes over the week-end.

Mary Ballard, our fire chief, was on the sick list last week. We are glad to see her around again.

Several of the girls enjoyed a luncheon in the kitchenette Sunday evening. Those attending were: Myrtle Collins, Mary Reep, Mary Ballard, Marion Smith, Roberta Wood, Hazel Dahlberg, Margaret Purdy, Cora Skagen and Edna Hall.

The number of students being served in the dining hall is steadily growing. Miss Schwartz reported three hundred sixteen last week. This speaks well for our new dietitian and the quality of the meals now being served.

Faculty Banquet.

Preceding the school mixer Friday evening, the new faculty members of the school were entertained at a banquet in the Domestic Science room. Miss Keeler, president of the faculty forum, presided at the table. Following the banquet, Mr. Miller took charge of the initiation ceremonies.

One feature of the initiation was the reading of poetical take-offs on the new members. The last event of the program was an address by Miss Keeler.

Mr. Hoppe, Mr. Miller, and the Misses Moffatt, Cummings and Druse formed the committee in charge of the entertainment. Wives and husbands of the faculty members and a few invited guests were also present. The color scheme was yellow and white.

THE FORUM BANQUET.

A Forum banquet was held Friday, October 12, in the Home Economics department of the Bellingham State normal school to welcome new members of the faculty. The wives and husbands of the faculty members and a few invited guests also attended. Approximately seventy-five people were present.

The dinner was served by the Domestic Science girls. The table decorations were carried out in a very charming manner, the color scheme being yellow and white. Miss Delia Keeler, president of the Forum, presided.

Dr. Irving Miller, chairman of the social committee, presented at the conclusion of the banquet a program which was in the form of an initiation of the new faculty members. For each one of the honor guests Dr. Miller read a humorous message from the spirit world. The refrain of the message was caught up and repeated by the chorus, after which the person initiated made a response.

The initiation was followed by an address of welcome by Miss Keeler. She reminded the new members of the faculty of some alleged rules of the school which were not to be violated. She concluded with a very inspiring welcome into the fellowship and work of the teachers. After the program was over, all of the guests adjourned to join the student body at the hard time mixer.

The committee in charge of the entertainment was composed of Dr. Miller, Victor Hoppe, and the Misses Druse, Cummins and Moffatt, who were assisted by Miss Gragg and a large chorus.

The initiates consisted of President Fisher, Miss Jones, Miss Brooks, Mr. Salisbury, Miss Sundquist, Miss Mac-

Pherson, Mr. Fowler, Mr. Marquis, and Miss Schwartz.

YOE'S YARNS.

There are twelve girls at Yoes hall this fall. On Thursday, the first week of school, the girls met to elect officers. Alice Kaufman was elected president, and Dorothy Brown reporter to the Messenger.

Bernice Vizio, of Seattle, spent the week-end at Yoes with her sister, Estelle.

The girls of the house all shared to rent a piano to put in the house. They expect to have some real times this year.

Sunday afternoon, to celebrate Estelle Vizio's birthday, all the girls gathered in her room for a little party, where they enjoyed Mary Reep's readings and the songs by Alice Kaufman and Johanna Osborne. Oh, yes, and the cake too.

STUDIO ART CLUB.

The Studio Art club met with Miss Druse at 616 Garden street, on Thursday night, October 18. Plans for the work of the year were made, and names presented for membership.

Class work of the club for the first three months will include landscape composition in charcoal, pencil, water color, and pastel.

An exhibition of the work completed will be given early in the year.

A True Fish Story.

Mr. Rindal was fishing at Lake Whatcom at his usual reliable nook. After much patient waiting and clever maneuvering, he got a bite. But the fish was quite an educated one, and got away with the hook and leader. Mr. Rindal fished patiently another hour and hooked another fish. This time he landed him and found he had the original runaway, hook and all! Mr. Rindal holds that since the fish was so well educated, his conscience wouldn't let him steal.

Resolved, That Japanese immigration should be prohibited.

Resolved, That our present Federal immigration laws should be made less restrictive.

Resolved, That the Supreme court shall have power to declare Federal legislation unconstitutional only when seven of the judges concur in the decision.

Resolved, That the Federal government should own and operate the coal mines of this country.

Resolved, That the State of Washington should own and operate all light and power utilities within its boundaries.

Resolved, That the commission-manager form of government should be adopted in Bellingham.

Resolved, That the clauses of the Volstead Act, which define intoxicating beverages should be made less restrictive.

Resolved, That Congress should provide a bonus for all men enlisted in the army and navy during the World War.

Resolved, That the Federal government should establish a National Co-operative Marketing association for the distribution of farm products.

Resolved, That the county unit system as outlined by the Public School Administrative code commission (1921) should be adopted.

Resolved, That all Federal judges should be chosen by popular election.

Resolved, That the Federal government should provide a system of old age pensions.

—B. S. N. S.—

DEBATE TRYOUTS.

The debate tryouts will begin Wednesday, November 7, in room 308 at 3:00 o'clock. The question is: Resolved, That a Department of Education should be created and added to the cabinet of the President of the United States.

Thirty students have signified their intentions to try out, but we must have at least twenty more signers to provide a wide field from which to choose the teams. Next week there will be an important meeting of the students trying out. At this meeting the students will draw for places and sides upon which they will speak. Time limits will be assigned, rules and detailed instructions given at that time. The debate squad will be made up of four teams; three speakers on two teams; two speakers on the other two, and two will serve as alternates for the squad at large. Each team will have a chance to debate several times.

Tuesday, March 18, the Tri-Angular Inter-Normal debates take place. We will meet Cheney here and send a team to Ellensburg. At the same time Ellensburg meets Cheney at Cheney. We have the assurance of meeting the Badger Debate club of University of Washington; Linfield college, McMinnville,

Oregon; Reed college, Portland, Oregon. We shall meet at least three other institutions on the coast. There is some hope of sending a team to Idaho and Montana.

TOLLEFSEN TRIO TO APPEAR

OCTOBER TWENTY-FOURTH

On Wednesday evening, October 24th, the first group of artists on the Musical course will appear in the Normal auditorium. This group consists of Carl H. Tollefsen, violin; Augusta Tollefsen, piano, and Paul Kefer, violincello.

No chamber music organization in America can boast of so long and successful a career as the Tollefsen Trio. Each member of the organization is a musician of the first rank and an artist who has had extensive experience in both solo and ensemble work.

Since 1904, when Carl Tollefsen first formed the Trio, the three players have crossed and re-crossed the country innumerable times carrying the message of good music. Theirs has been in many cases missionary work; theirs has been the privilege of stimulating interest in the best that music has to offer.

The course of the life of the Trio has been that of steady growth. Every passing season has witnessed the names of new cities in which they have played, yet at the same time every year has signalled their return to the familiar places. Re-engagements have become the rule and not the exception in this Trio's history.

Music critics, music lovers and the general public are all unanimous in their praise of the excellent work done by the Tollefsen Trio. The ensemble work of the Trio and the solo work of the individual members are at all times of the highest artistic standard and most enjoyable. This organization has earned the right to be classed among the foremost of its kind in the country.
