# Time Staggers On.. Simp & Goo

#### THE EYE HAS IT

With axe murders, sabotage activities, dope, smuggling, and other sports occupying most of my time recently, I haven't been able to keep up on my reading. But the other day while going through my wallet I dis-

covered an old American Weekly neatly crumpled in behind my driver's license. Thumbing hurriedly through the 26-page edition I was startled to see an article by a 'well-known' professor in the east who says that the eyes are gradually growing closer together and that some day there will be just one big eye in the middle of our face.

y I wonder just what pro-

vision President Roosevelt is making against this national catastrophe. I think my eyes have started to move in already. But I bet mine never do grow together. They will probably just close in enough to touch at the corners and then stop. One would get quite a jolt to wake up some morning and, putting on his glasses, discover that they were useless because he had only one eye. Glasses cost money. But I guess it won't happen for awhile "Countless Ages" is the way the professor times it. So that lets all of us over 19 out of the fun.

The other facial features are going to be shifted around somewhat. The large eye will not be in the center of the forehead like you thought-nnaa-nnaa. It will be right in the middle of the physiognomy. The facial contours hitherto below the eyes will be compressed into the small space between the eye and the chin. I don't know where you will wear your ears. Maybe they will be detachable and the stylists in Hollywood and Paris will dictate each year where they are to be worn. No provision is made for those who wear moustaches. I suppose they will wear them on their forehead or the back of their neck.

This calls for quite a readjustment of our present idea as to just what constitutes a face. I think we had better just drop the word face and name it something else. But if it ever happens just keep a stiff upper lip-providing you have an upper lip left.

#### CAMPUS DAY

Just to change the subject (you should change subjects every 1,000 miles for the best mileage) we will revive campus day. All in all (silly expression) it was very successful despite the menacing weather. About the only ones who didn't fall into the lake or get wet were the lifeguards. The sound system installed with the loudspeakers blaring at you from trees and rooftops was a very pleasing and should-be-done-oftener idea. But with all the fun I'm glad it's past so I can start recuperating for next year's Campus day.

# Vet of Deep Sea Diving Tells Further of Work

#### By Phillips

Captain Art Hock, veteran deep sea diver and former navy officer, leaned on the door of his car after the assembly Friday, as he continued discussing his experiences.

"Narrow escapes? How was I to know if they were narrow or not? One has no way of telling how close he came to slipping over a cliff. I came up, that's all I know." This was the way Captain Hook replied to the question asked of every man or woman who works in a dangerous position.

"I started diving when two girls drowned in Lake Whatcom," said Captain Hook. "Recovered their bodies and I've been diving ever since, except for the time I spent in the navy during the war. At present I work for myself; going to Alaska each summer and working there, for the fisheries and for private individuals.

Captain Hook, speaking quickly as he did in assembly, said, "Why, in the forty minutes they gave me here I was just getting started. I could go on for hours telling of my experiences. You can't tell of 20 years diving experiences in one or in five."

"Yes, you can kill octopi by hand if you know how," replied Captain Hook to that query. "By grabbing the eyes with two fingers and then pushing you can generally kill them-if they don't get you first. Octopi are dangerous and there are many right here in our own waters. One doesn't need to be too scared, but one should be careful."

Haggard Names vice-prexy in '40-'41 Booth, Lindgren

Faculty Five To Talk Jobs

> **Revamping of Student Rules** Of Employment Due In Faculty Committee Meet

President Haggard has announced the organization of a faculty committee to consider the revamping of employment standards here at WWC. The present requirements of student employees were first put into operation in 1933 but since then conditions have changed. It is the aim of the newly-appointed committee to change these requirements to better fit the present situation. The committee will be composed of Loye McGee, Miss Florence Johnson, Dr. C. C. Upshall, Miss Ethel Church and Dr. Merle Kuder.

Employment Big Issue That this is a big issue in the college administration, can be seen from the fact that 200 students are employed by WWC. This group

comprises one-quarter of the student body and its yearly income amounts to \$30,000. Of these jobs 82 are NYA.

**Committee Has Three Objectives** The committee has three prime objectives before it in the effort to improve student employment. It will strive to provide all the employment opportunities possible, thus establishing the necessity for scholastic standards. The required grade point average at present is 2.35. Employment will be given only to regularly enrolled students. A re-examination of the concentration of work will be made in order to break up job monopoly and thus spread the employment over the greatest possible area

# Choir Appears In Assembly

Both assemblies , for next week will be presented by the students of WWC. Tuesday, the a Cappella choir, under the direction of Nils Boson, will offer a concert, while on Friday the assembly hour will be taken up by the meetings of the Womens league and the Norsemen's club.

The program of the a Capp

Christopher **Barely Topped** 

> Shiers, Scholarship Prexy, Takes Post in Fall; 465 Ballot in Light Vote

Frank Shiers, Bellingham sophomore, edged out Harold Booth, Vader sophomore and Board of Control member, in Wednesday's final spring quarter ASB election to become WWC's student body president for 1940-41.' The college was represented poorly at the polls. Only 465 voters balloted, a mere 57 per cent of those eligible

#### Take Over In September

Shiers, who received the unanimous approval of the Scholarship society two weeks ago when they chose him as their president for the coming year, is a prominent member of the International Relations club of the college. The reins of Western Washington's student government will be placed in Prexy Shier's capable grasp at the beginning of fall quarter in September.

#### Junkies In From Chehalis

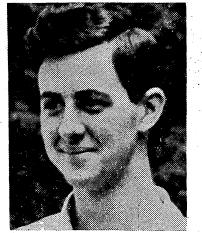

Jim Junkin, board of control member from Chehalis, polled a majority over his Board of Control opponent. Jean Christopher, of Bellingham, in the vice presidential contest.

#### Monson Only Frosh

Bernice Monson, a local frosh, won the four-quarters women's representative race from Genevieve Lindgren, of Woodinville, Washington.

# Architect Talks To Trustees

Meeting with various faculty members and with the board of trustees at their regular monthly meeting, John Paul Jones, architect in charge of planning the new Campus school building, discussed details in the construction of the new building. Lincoln Bouillon, mechanical engineer who prepared the plumbing, heating, and wiring drawings for the PE and library buildings, accompanied Jones, and discussed changes in the central heating plan which probably will become necessary to provide sufficient heat for the new building. In addition to the \$300,000 building, there is pending WPA approval a \$53,000 providing for a new track to replace the present one, and for the landscaping of five acres of the campus, part of which is included in the recently condemned land between the library and PE building.

# Scribes Dine Thursday

Collegians Feast Thursday In Annual Glutting; New Editor To Be Told

Staff-members of the WWCollegian will hold their annual banquet at the Leopold hotel, Thursday,' May 23, 1940. Annual awards, including the one to the most cooperative faculty member, the Soukup trophy awards to the most improved cub of each quarter, and the WWCollegian pins presented to staff writers with four or more quarters of service.

#### '41 Leaders Announced

The editor and business manager for next year's paper also will be announced. Staff members eligible for Collegian pins include: Shirlee Cratsenberg, Lyman Handy, Beatrice Nilsen, Betty Solibakke, Steward McLeod, Lela Kaufman, Frances Daley, Bill Ridder, Walter Hall, Helen Lindstrom, DeLayne Walton, Douglas Lince, Marion Clarke, Al

Biggs, and Melba Mayhew. Committee chairman appointed to make arrangements for the affair are: general co-chairman, Bernice Monson and Eric Phillips; program, Al Biggs; invitations, Shirlee Cratsenberg; decorations, Lois Hilby.

# Caster Cratsy Wins

Shirlee Cratsenberg, former Collegian newscaster and at present copy editor of the WWCollegian, won the KVOS "Do You Want To Be An Announcer" contest last night. Cratsenberg was a star announcer on the Thursday 9:45 edition of the "College News Week in Review" until forced to guit because of other work winter quarter.

# New Bookstore Plan Adopted By ASB Board

First Rebate Payment Set For Next Spring If Revenue Shows Surplus

Unanimous adoption of the rebate plan and organization of a board of directors for the Bookstore was made by the Board of Control at its Wednesday meeting. The plan calls for a payment of dividends to the members of the Co-op each spring quarter when sufficient surplus occurs. Every WWC student will automatically become a member when he pays his Associated Student fee. Membership for faculty will be optional, requiring payment of a \$1 fee for the year. **Directors Appointed Soon** 

Since all the members of the board of directors will be new in their positions in the fall, it was suggested that they be appointed before the end of this quarter, that they may familiarize themselves with procedures. At the next Board of Control meeting, President Al. Munkres and President-Elect Frank Shiers will present a list of names from which the four student members will be selected. chairman.

Burnet Talks Publications Mrs. Ruth Burnet, Publications head, appeared before the board, explaining the origin of the Publications board. The question has arisen as to the legality of the Publications board appointing student editors and managers despite the extending of this privilege by last summer's Board. The Associated students constitution says that election is a power of the Board of Control. Complete investigation will be made and a definite decision reached at

the board's next session. Rec Hour Chairman Jim Junkin announced that Brook Temple's orchestra will play for Saturday night's rec hour which will be held in the training school gym from 8:30 to 11:30.

# JIM JUNKIN 'Winterset' Set to vote. For May 29 V. H. Hoppe Takes Directorship

For Anderson's Drama; **College Students Fill Roles** 

"The finest poetic drama ever written by an American." Thus the critics term Maxwell Anderson's Winterset," to be produced by the Bellingham Theater Guild May 29, 30, 31, and June 1.

#### Hope To Direct

Presented under the direction of Victor H. Hoppe, WWC drama coach, and staged by Glenmore Jones, the play brings to the stage in important roles such familiar guildsmen as J. Marshall Bacon, Alice Benn, Victor Hoppe, Norman R. Burchette, and Cleon Butz. Dr. Jack C. Cotton, of the college speech department, will make his Guild debut in an important role. WWC Students Cast

This nuclear cast will be support-

ed by a group of eighteen, among

whom are Glenmore Jones, Alva

Potter, Mary Lou Plumb, Ronald

Jones, Ronald Lund, and Norbert

This play is considered by many

to be Maxwell Anderson's greatest

triumph, and has been presented on

both the stage and screen for sever-

al years. Its plot revolves about the

conviction of the young man, "Mio"

played by Cleon Butz, that his fath-

er is innocent of a crime of which

he has been accused. Gripping, dra-

matic scenes and fine stage settings

Cormier, the latter from WWC.

Hook, of less than average height but very powerfully built, is a Bellingham man, having attended the Campus school here at wwc and also having been prominent on the Bellingham waterfront as its first harbor master.

"I also was the first newsboy and the first motorcycle cop in Bellingham," said Hook, as he mentioned his town life.

## Students Voice Opinion On U. S. And Its Participation In War

By JOE BELDON, Editor

Student Opinion Surveys of America

AUSTIN, Texas, May 16.-As Europe's war spreads to new fronts, observers are pointing to increasing possibilities of the U. S. being involved. In the opinion of American college students, many of whom are of fighting age, what are the conditions under which the U.S. should join the Allies against Germany?

Interviewers in scores of campuses have asked that question in a Student Opinion Surveys sampling. The results, exclusive to the WWCollegian and other member newspapers, show definitely that the American collegian has not changed his mind, is still much opposed to rushing into the conflict.

A good majority-two to one-may be included in two camps: Those who believe we should not join at all; those who would have us fight only in case the U.S. is actually threatened with an invasion.

The largest group of students, one-third of the entire enrollment, would keep our armies at home and fight only if an enemy attacked on this side of the Atlantic. The smallest group registered in the poll, 2 per cent, represents the students who believe the U. S should join the Allies at once.

	Under what conditions do you believe the U. S. shou oin the Allies against Germany?	
	Only if there is actual threat of the U.S. being invaded	33'
2.	U. S. should not join	31
3.	. Only if there is actual threat of any American na-	
14	tion being invaded	15
	Only if England and France appear to be losing	12.4.1

5. U. S. should join now 6. Other conditions 7. No opinion

Those are the opinions of students after the German invasion of Scandinavia. Recent allied failures in Norway may have changed attitudes to some extent, but the trend as the war has progressed has been more and more against the U.S. entering the conflict. Six months ago a Surveys poll pointed out that 36 per cent approved of sending troops against Germany if the Allies appeared to be losing. Now only 10 per cent approve.

choir will be as follows: "Salutation," (Jacobsen); "Bless the Lord," (Ippolitoff-Ivanoff); The Nightingale," (Tschafkowski); "Where'er You Walk," from "Semele," (Handel), Kenneth Johnson, tenor; "Night," (Noble); "Misty Moon,"

(Lutkin); "John Peel," and english hunting song, (Andrews); Noon and Night," (Hawley) and "Passing By," (Purcell) Douglas Bird, baritone; "Tuoni," (Sibelius with soloist; "The Great Angelis Host," (Grieg); "Come Again, Sweet Love Doth Now Invite," an English air, (Lutkin) with soloist; "The Old Woman," an English air, (Davis); O, Can Ye Sed Cushions?", a scotch cradle song, (Bantock); Shoot False Love, I Care Not,' "The White and Blue,"

Geraldine Gildersleeve will accompany the choir.

#### Here's Grim News

Although the news arrived a little too early to inspire the father to gurgle his way to victory in the baby bottle contest at Lakewood, Paul R. Grim is a papa.

Young Douglas Paul, as the tot is tagged, squealed the first signals for the Grim Brothers football squad that still needs ten men, at St. Luke's hospital, Sunday, May 12, and then went on to weigh in at eight pounds.

Dr. Grim, campus school social science head, was overjoyed at the prospect of having a youngster to educate progressively and Monday was spending many happy hours chortling. Only intelligible words from the elder Grim, "Yes sir, the father of an eight-pound cigar. I'll be passing the babies around any day now!"

characterize the play as it is written, and the Theatre Guild intends to include all of them. The more familiar motion picture version omits the final dramatic climax, which to many is the highest point of the play.

# Parents Entertained By Campus School

Guests of the eighth grade at a tea Wednesday afternoon were the ninth grade and the parents of both grades. The entire affair was planned and directed by eighth grade students under Miss Ruth Melendy.

Started several years ago, the tea has become an annual function. One hundred and fifty persons were present Wednesday, including 80 parents. Pouring were Miss Bertha Crawford, former campus school instructor: Miss Mira Booth of the music department; and the mothers of the presidents of the eighth and ninth grades, Mrs. Ehlers and Mrs. Nix.

Incidental music was furnished by members of the eighth grade featured several instrumental solos. Decorations were arranged entirely by the eighth grade. Miss Linda Countryman assisted in the preparation of the tea.

#### Festival Stands Out

"As a whole, the music festival this year was much better than the year before," declared Nils Boson. "Each festival has been a little better than the proceeding year's." Mr. Boson said, "From a musical standpoint I believe that the choruses were a little better this year than the instrumental groups but the instrumentalists received the larger crowd."

#### Band To Swing Out At Larrabee Park

The WWC band will present a music concert at Larrabee state park, Sunday, May 19, starting at 2:00. Students and the public are urged to attend the concert. The band will also play May 24, at Battersby field in the spring festival. The festival will feature a mass band of almost 300 pieces. Both Whatcom and Skagit county high school bands will participate in the mass band formations.

The string enemble played in Sedro-Woolley, May 15, and are acting as guest performerst in a joint concert given by the Swedish Male chorus and the Women's Music club chorus tonight at the First Presbyterian church.

## CCF Fireside Due

Agate bay at Lake Whatcom will be the site of a weiner roast and beach fireside to be held by the Collegiate Christian Fellowship tomorrow night.

All students in the college are invited as well as members of the CCF. The group will meet at the college at 7:00 o'clock and transportation will be furnished.

Other Collegian newscasters who have been victors in the announcing contest are Eileen Fry and Jim Goodrich. Both Miss Fry and Goodrich are still heard on the college news cast.

# Norse On Puget

Blue Puget sound and its many islands will be the scene of the annual cruise sponsored by the Norsemen on Sunday, May 19; the boat will leave the dock of the Bellingham Yacht club at 9:00 a.m. Tickets will be on sale all day today, 90c each. Fifty tickets will

be sold, first come, first served. Students going will be expected to bring their own lunches. Coffee will be served.

## Throckie Featured

Stop the presses, grab your coats, don't forget your hats and let's go... Philbert's little half-brother, Throckmorton is on his way.

Phiniggling Philbert's fire with a prodigous effort entitled Throckmorton's Track Tome. the lad who was a Throck to his mother is endeavoring to produce a rare work in philology for the big fwe-team track meet scheduled for Waldo field, May 24. Trockie's volume will num-

ber some sixteen pages and will feature philanthropy in its free distribution. Pictures and blurbs from the host and visiting coaches in the coming WIC track, golf, and tennis confab will occupy space in Throckmorton's ana.

To replace the quarterly banquet for old and new board members, a picnic will be held on Memorial day. Betty Jean Bayley was appointed

#### Lib Gets Raincoat

Workmen have been pounding away on the library for the past week and will continue work until the contract for waterproofing the building is fulfilled.

Every two or three years this work must be done for the preservation of the building; it costs approximately \$3.000.

# It's A Crack-pot Scheme

Geraldine Anderson, Katherine Friese

One of the prime crackpot schemes of the decade hit the headlines several weeks ago when the Carnegie Institute president rivalled goldfish guzzling college jos with a publicity priming plot to reward the capture of Adolf Hitler with a million dollars in American money.

Advertising Manager

Business Accountant

Circulation Manager

Stenographers

The plan seems to echo a popular conception that the poor allies are being molested by a big, bad bully named Hitler. The last victim of such sweet phrases is now dodging Nazi invaders somewhere in Holland. If beaten Hitler will probably live to see another occupant fill his shoes and climb into allied hair just as the eighty-three-year-old ex-Kaiser is seeing the Austrian paperhanger do today. Wilhelm, the old man-without-a-country, is a living example of an assumption that it is not the man Hitler that is wrong with Europe or Germany but existing resource and population conditions that are effervescing into a froth of militaristic madness and murder. As one observer has said Adolf is but a pimple on the face of Europe. If he is removed another will rise to take his place.

An anonymous allegory to-today's European situation is the one likening the entire mess to a boy with a toothache. Picture the Teutonic nation as the boy and the dictator as an ulcerated molar. Obviously a mere slap on the face and physical punishment cannot remove the ache and neither can the slapping down of Adolf Hitler remove the underlying causes of the frequent European strife. If the tooth be merely extracted, a nickel given to lessen the pain, and the cause for its decay left unmolested another ulcerated bicuspid will even tually take its place. Just so if Adolf Hitler be extracted and a million American dollars be given for his extraction another maniacal leader will fester into a dictatorship.

As long as England and her allies tell the teeth to take care of themselves while they allegorically exist aplenty on the candies and goodies of the economic and populative suppression of their lessers, the world can expect the teeth to decay and give rise to ungodly pain that will become so great that even extraction and proper care will come too late to save the face of European civilization.

# Preservation in Good Spirits

Much has been written and spoken concerning the tendency of some college students to raise their spirits with spirits. Perhaps the most pertinent idea on this question is the anonymous observation: "Not many college minds are important enough to be preserved in alcohol."

## It's The Adding Machine That Counts

The staff work on last week's paper marked one of the biggest tasks the Collegian has accomplished in the many years of the college's existence. There have been six-page papers before, but never before have there been 6,250 of them.

Mathematically here is how the sheet totalled:

Each paper carried 38 columns with 20 cuts utilizing 203 square inches. One hundred and thirty-two inches of advertising were circulated. Each Collegian carried 15,000 printed words and represented 75 hours of student writing, together with 42 hours of student assemblying work.

The sum total of all the time and labor that went into the 6,250 papers is staggering. Ninety-three million, seven hundred and seventy-five thousand words were printed, 1,268,750 square inches of pictorial material shown, 725,000 column inches of ads were circulated and all this went on 825 pounds of magazine paper which were divided into 37,500 pages, which were subdivided into 237,500 columns. All this represented 468,750 student writing hours. Student assemblying hours added up to 262,500.

We thank our journalistic Janus this comes but once each spring.

of towns and villages, under armed guard, probably). The Czechs are to be shown that their real enemy is the Jews.

It seems that there are British boy scouts on a camping trip in Jugoslavia. And Germany maintains through the medium of the Magazine that these vicious boy scouts are sabotaging factories! No sir, you just can't trust those boy scouts. They turn into sabotage agents and spies every time. In Poland, Germany is bearing with a bad situation bravely and generously in the face of the atrocities perpetrated by a few misguided Poles (Jews no doubt). These vicious Poles have "murdered" at least 5.437 German soldiers and graves will probably be "more

found." These soldiers were peacefully trying to help the Poles run their country. The murders were undoubtedly instigated by the British who have planned them for a long time

According to the booklet, the only reason France is in the war is because of the influence of the Jews, for the French really see eye to eye with the Germans. Instead of admitting or explain-

ing any of the charges brought either by the allied or neutral countries, they are "officially denied." This phrase occurs with monotoregularity throughout the nous magazine. The subject of concentration

camps is studiously avoided and as for anyone ever being shot in such a camp, why the whole thing is a big joke and treated as such!

I made hauling likker down to thet hotel last summer. They tole me it wouldnt cost much or nuthin tho. Not more than a couple uv bucks, so I ups and joins with em. Gosh maw these folks is sure got funny idears bout things. They done tole me everbody in there club was everbody elses bruther. Now I warent shore bout this cause stranger things es happined lak the time johnny Skitt swallered his jews harp and couldn't talk nuthin cept to the tune uf old black Joe fer a week. As I wuz sayin tho I kinder figgered they wuz mebbe rite til I woke up one nite an membered that a gal shouldnt be called a bruther. Jest to make shore efn they wuz lying tho I wisht you ud ast parson Dillon ef a gal kin ever be ennybodys bruther. Ef they is lyin to me theys goin to be one big fist fite around these parts.

You oughta see what they doez up hear. They have danses. They aint the kind we used to do down in the ole barn at cusin Jebs tho. It didnt take me long to find thet out. Why up here a feller would unt even think of slingin his partner all around lak we allus did. They jest gets up reel close to the gurl and holds hur tite jest lak they wuz trin to mash thereselfs rite aginst each other and starts to wigglin. Wal I jest wont gonna stand fer bein fooled when I thought I wuz going to a reel danse lak we hev at home so I jest grabbed a gurl and swung her around lak I used to do down home. Almost befoar I knowed it tho too big guys had a holt uv me aroun the kollar and had throwed me ut the doar befoar I could get my knife open. Hones maw these danses aint haff es good es I thought thyud be.

I got my eve on a write pert little wench whut these hear boys is done met me to. I dont spect Ill marryer tho cause they say you cant have women in yer room at organized houses. I dont know what all the dum idear iz about but I dont want to start no fites with nobody. I speck you and paw dont no whut all this club buziness is about. I had a hard time makin up ma mind whuther te jine one or jes to visit them all.

#### Share Music Award

BOYD SWANSON

THERA STRANG

Tied for first place in the Bellingham Woman's Music club biennial contest last Sunday, Miss Thera Strang and Boyd Swanson share the \$300 scholarship award, each receiving half the amount, to further their musical education.

Miss Strang, who is studying piano with Miss Edith R. Strange, formerly attended WWC. Mr. Swanson, baritone singer, is now teaching school in Gold Bar, Wash.

### Geraldine Anderson Weds; **Ruckmick Shows Slides**

Geraldine Anderson sophomore at WWC, was married last Sunday in the parsonage of the Anacortes Catholic church to Arthur White of Seattle. The ceremony was performed by Father Truenet at 4:30.

Mr. White is employed at Roche Harbor where the couple will reside after Mrs. White completes the spring quarter of school.

Pictures in color of Southwestern United States, and of Bellingham industrial and scenic views, were presented at the Chamber of Commerce luncheon Wednesday noon in the Bellingham hotel by Herbert Ruckmick.

#### **Miss Richardson Hostess**

Miss Charlotte B. Richardson of the Western Washington college faculty will be hostess to a tea Sunday evening, May 19, 5:30 o'clock at 310 Palm street. Miss Richardson has invited students attending WWC who are working for their three-year certificates who have already received their bachelor's degrees. The invited guests are Jean Cowie, Jane Elton, Gordon Martin, John M. Brown, Margaret Hauser, Dorothy Marie Smith, Miss Elizabeth Hopper, and President W. W. Haggard.

#### **President Haggard Is Speaker**

Dr. W. W. Haggard is speaking today at the Washington Congress of Parents and Teachers, meeting in Aberdeen, May 15, 16, and 17. His subject is, "Education in a Democracy."

#### \_\_\_\_

Dr. Jack Cotton, head of the speech clinical laboratories of WWC, was the speaker at the meeting of Rho chapter, Beta Sigma Phi, Wednesday evening, May 15.

The meeting was held at the Bellingham hotel and the speaker discussed speech in the building of beauty, under the general topic of "Tools for the Art of Life-Speech."

Miss Ruth Weythman showed moving pictures of her trip to the Scandinavian countries as the feature of the Whatcom Junior high school assembly Wednesday.

## Two Former WWC Students Appointed

Two former students of Western Washington college have received appointments to higher institutions for the coming year.

Miss Loraine Shepard, now teaching in Longview, has received a scholarship at Mills college for the coming year.

Miss Leslie Hunt, former student instructor in the English department last year, will assist Dr. Ruth Strang of Columbia Teachers college in the Reading Chair for the coming summer.

#### WOODRING TO TAKE PART IN ROUND TABLE MEET

Dr. Paul D. Woodring will take part in a round table discussion on "The Role of the Home in Meeting the Problems of Youth," at the Mental Hygiene Institute convening at Seattle, today and tomorrow. Tomorrow's table discussion will be

# **College Survey Among Students** Reveal Final Exams Unfair

1 Start

AUSTIN, Texas, May 17.-With the approach of summer, one of college America's nightmares, final examinations, again makes its appearance. For the first time in a national scientific survey representing all U.S. college and university students, pinions are expressed on finals and the grading system. They say:

NO-Final examinations are not a fair test of a student's knowledge in a course.

YES-We'd rather be graded by the usual ABC system than be just either passed or failed.

Long a matter of controversy in both undergraduate bull sessions and faculty meetings, the final examination as a gauge of learning gets a low rating from those who have to take it.

They reverse themselves, however, by almost identical percentages, on the matter of grading these examinations or courses as a whole. Some schools have adopted the method of merely approving or disapproving of a student's work. Most collegians, 62 per cent, do not like this system, prefer the old one of a graduated scale with A as top mark.

These are the results of the sampling, based on a carefully-selected crosssection of the nation:

Do you think final examinations are a fair test of a student's knowledge in a course?

Yes	•			
No				
Don't know				3
Would you rather be graded in y	our courses l	oy the	ABC	system
or just be either passed or failed?				-

All	Students	Men	Women
ABC System	62%	60%	. 63%
Passed or failed	36	. 37	. 33
Don't know	2	. 3	. 2

Discussion is being held, and

cided.

from all reports from those who have gone before, it's an event you remember, long after it's over. So

don't forget the dates, May 24, 25, 26, for a good time. Watch the WAA bulletin board in the main hall for particulars!

#### CABINET SHINDIG

# NEW CABINET-1940-1941

Announcement has been received here of the marriage of Mr. Donald Norris, son of Mr. and Mrs. A. B. Norris, of this city, to Miss Viola Paoletti, of Minneapolis, Minn., which took place May 1. in that city.

Mr. Norris, who attended the former Whatcom high school and WWC, will be graduated from the University of Minnesota law school this summer.

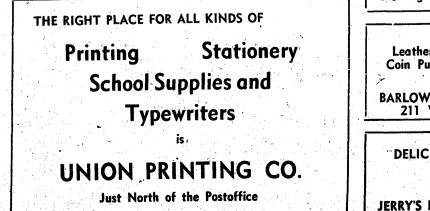

Edward J. Arntzen spoke Monday to the Y's Men's club at the YMCA on the "Basic Issues in the Second World War," and Miss Florence Johnson talked on "Scandinavia Travels" before the Administrative Women organization at the Hotel Leopold.

Miss Ruth Weythman and Mrs. Ruth Burnet will attend the annnual banquet of Mortar Board, women's national honorary society, at the Woman's University club, Seattle, tonight. Miss Weythman and Mrs. Burnet are both members of Tolo chapter of Mortar Board at the University of Washington.

Miss Ruth Weythman has been chosen representative at WWC for the Red Cross war relief campaign now under way.

Miss Florence Johnson, dean of women, spoke to the Women's Studies club at Stanwood, Monday, on her Scandinavian travels.

A son was born Sunday, Mother's day, to Dr. and Mrs. Paul Grim at a local hospital. The baby, their first child, has been named Douglas Paul.

# INER TOPICS **Night Owls** Sport Hash \* \* \* \* Oscar Ditties By Wayne Miner

Viking track fans will get their chance to see just how powerful the Gladiators and Rangers really are tomorrow, when the two southern schools hit town for the three-way cinder engagements. As Biggs has been so deliriously stating in his horsey predictions of late, it'll take an awfully warm hot-foot to move the Rangers from their dust-eating role in the WINCO conference. The Gladiators, like the Rangers, haven't anything to write home about in way of ability either, but even with such comparatively easy pickings as these, the gang of Carver Norsemen will still find it tough sledding if some of them don't put their noses to the grindstone With almost two months of cinder training behind them, it is still evident that many of the men are still in a dire need of further conditioning This is amply proven by the sad way in which several of the "stalwarts" crawled around the cinder path last Saturday. If the boys who are expected to win fame and honor for WWC, would save their romantic adventures at least until after the meets, there would be a lot less gray hairs in Coach Carver's head, and a lot more points in the Viking summary. So men, just watch your step tonight, because if you're going to win any meets at all this year, it'll have to be tomorrow.

Rolly Burke, Viking miler, although he didn't breast the tape first in the Ellensburg track meet, really showed that he's got his share of intestinal fortitude. . . . The little lad deserves a hefty back-patting for his splendid work. . . . It looked nice to see Carver's golf team swamp the PLC Glads and the CPS Loggers on their road jaunt last week. . . . It's beginning to appear like the Yankees are in for a nice stay in the American league cellar. ... The Red Sox, on the other extreme, are scampering up the flagpole like Pucinello's monkey. . . . Professor Carver, dean of Viking coaches, urges all mothers to tuck their dolls in early tonight. . . . Especially "baby dolls." . . . There has been a lot of tennis material running around on the varsity courts this week.

. . . The county and district matches have drawn the cream of the crop to vie for top honors in the racquet trade. . . . There was a lot of good baseball displayed by members of the faculty in the big game Tuesday. . . . Steamship Ford was a demon behind the platter, while Don Bushel hurled good ball from the rubber rectangle. . . . Buck Tisdale showed the fans how they do it in Menlo. . . . Cheezy Davis pulled a couple for the books also. ... If McGee could only hit like he nurses a bottle, he'd be a sensation. . . . "Smiles" Hall must have forgotten to toke up on his Wheaties Saturday morning. . . . Or maybe he toked up too much on the night before.

When one of the Viking distance men misplaced one of his dogs in one of the numerous irrigation ditches on the Waldo track oval Saturday, his three-point landing brings to mind that the cinder lanes still aren't up to par for such a strong conference meet as is in the offing in one week. After a shower of rain, the track takes on the appearance of Battersby field after a winter downpour. George Mabee, Wildcat track head, had a solution for the problem: "Maybe you should erect bridges over the water holes," he suggested. Anyhow, we won't have to put up with this headache much longer, because with the coming of the new training school, it will necessitate a new track field, and please, peoples, let's have one that will make the rest of the conference ovals look like sand lots.

# WWC In Tri-School Meet Tomorrow

# Vik Net Team Turned Back By Husky Five

Strong Huskies Prove Too Much For Outclassed Vikings;

Last Engagement Until WINC Whipped to submission by the University of Washington Huskies, the Viking tennisters came home Wednesday night on the short end of a 6 to 1 score. The hilltoppers won their only match by default. Coach Chuck Lappenbusch gave

his men small chance to win over the powerful Huskys, present leading contender for the Northern division collegiate tennis title. The Vikings received the valuable experience that is possible only by losing to a better team. Bellingham's No. 1 man, Don Lomsdale, was the only local to prolong the matches to three sets.

The Conference championship to be held here on May 24 and 25 will wind up the Viking tennis schedule for this season.

#### **Sweepers Continue** Undefeated Record

Wayne Ensign's Sweepers cut loose with all the power they possessed last Friday, when they literally trounced Ken Husfleen's Viking Manor ten to the tune of 16 to 1. The Sweepers started the first in-

ning off with a bang, and before the Manorites could retire them, the powerful Sweepers had pushed over four runs on four hits.

Booth, starting pitcher for the Viking Manor, was replaced by Hoard in the second inning, when Bernie Westmoreland of the Sweepers hit a terrific triple into right field to score three runners ahead of him.

The Manorites got their lone tally in the fifth when Jones, Manor outfielder, tripled and crossed the plate on a single by Third Baseman Ol-

Aleck Mitchell, the Sweepers second string pitcher, did a nice job of hurling when he held the lads from Viking Manor to a scant seven hits. Bernie Westmoreland, John Vaughn, and Russ Davis were the powerhouses of the Sweepers' batting attack, while Jones and Olson played good ball for the losers.

#### R. H. E. .16 15 3 Sweepers .... Viking Manor ..... 1

# **Raider Net Squad** Wins County Cup

By taking first and second places in the doubles and singles matches, the Red Raider high school tennis guad became Whatcom county's favorite for the district tournament that was held at the college courts yesterday. On Tuesday, Meyers and Livsey of the Raiders took first and second places respectively in the singles. Derricks of Lynden garnered a third. Cory and Griffith, Raiders, won first place in the doubles followed by their teammates, Brand and Cameron, in second place. Snapper and Cobby of Lynden placed third. The high school players toured the WWC campus yesterday under the guidance of stu-

dents from the college.

#### Wildcats Winner In Conference Classic

Western Washington College of Education, Bellingham, Washington

Ellensburg captured twelve first places to the Vikings' two, to walk away with top honors in a dual track meet held between the two schools last, Saturday afternoon on Waldo field.

Uncle Wayne Weber, who has been handicapped with sore leg muscles, won his favorite event, the broadjump, with a leap of 21-feet. ½-inch; he also placed third in the century. Bridges of Ellensburg edged him out for second place.

Aleck Mitchell labeled himself a strong contender for top honors in the shotput in the conference meet, May 25, when he heaved the iron ball 40-feet, 10-inches, to win the event easily. Bill Windshimer of WWC and Dan Miller of CWC tied at 11-feet, 6-inches, to share top honors in the pole vault.

Outstanding performances of the afternoon were registered by Jones of Ellensburg in the low hurdles and the century, Orchard of Ellensburg in the 440 and 220 yard dashes, and Burke (WWC), in the mile.

Second-place winners for WWC were Thommasen. Wilkinson, Dahl, and Dombroski, while Paul, Baker, Davis, and Hovde took third places for the Blue and White of WWC.

# **Biggs Terminates His Horsey** Predictions In Today's Issue

By Al Biggs

This is positively the last in our series on who is going to win what in the Winco meet next Saturday, May 25, Waldo field, come one, come all, and why in the (naughty word) did we start the whole thing anyhow. 🧈

Farrier to Pole First

First event we discuss this week is the pole vault. Clyde Farrier of Cheney is going to top this event. John Esvelt, Esq., alias, why we read the Journal, has this to say about Mr. Farrier: Quhote. He just missed 13 feet the other day. Unquhote. That is up there indeed. Mouse Bill Windshimer, and McAulay. Dan Paul of the Vikings, and Bob Miller, of Ellensburg, will have it out for the other spots

Mitch Might Make the Shot

Shotput honors are going to be given to Stan Anderson of Cheney or Big Mitch of the Vikings. Anderson has the longest heave to date but this warm sun is making Mitchell tougher and tougher. Hipskind and Thommasen will follow in that order or vice versa. Unka Wayne by a Winco Whisker

Last and best is the broad jump. Old Uncle Wayne Weber, graying nothing to fear from the rest of the conference. On about his third jump Wayne will sail to a new conference record. Taylor, Creed and Kolberg in about that order.

# Savage Leader

Coach Red Reese, Savage track mentor, will be leading a powerful Cheney cinder aggregation to WWC next Saturday, where he is favored to repeat his 1939 accomplishment. The likeable eastern coach packs a splendid array of stars, and if everything goes as it has on paper, the Savages again will walk home with the WINCO cup.

On Waldo Field: Carver **Revamps Starters for Meet** 

WWC track fans will Saturday at 2:00 p.m. have their second opportunity to see the Blue and White men of Carver in action. In this. the second home meet of the season, the Viks will entertain St. Martins and PLC in a three-school contest of speed and strength.

Neither St. Martins nor PLC have been very impressive so far this season and have no outstanding individuals participating in any event.

After losing to the Ellensburg Wildcats, Coach Sam Carver has done considerable revamping of the Viking thinclads in hopes of forming a winning combination. Carver has been putting his boys through strenuous workouts during the past week anticipating a decisive win Saturday before the coming conference meet on May 24.

Officials for the meet will be: referee and starter Phillip Maxfield; scorer, Webster: finish judges, Jim Junkin, Henry Coleman, Ed Landon and Frank Tucker; timers, Bushell and Moses; field judges, Hollingsworth, King and Davis; jump judges, Toothman and Nurmi, and Murray Healy will handle the announcing.

No entries have been received as yet from PLC but the following are the events and entrants for St. Martins and WWC: WWC-Javelin, Dombroski, Mitchell, Hovde; discus, Thommasen, Weber, Pearson; shotput, Mitchell, Thommasen, Pearson; broad jump, Weber, Dombroski, Paul; high jump, Hovde, Wilkinson; pole vault, Windsheimer, Paul, Mc-Aulay; relay, Baker, Davis, Dahl, Wilkinson; 120 hurdles, Wilkinson, Davis, Shelton; 220 hurdles, Wilkinson, Shelton; 2-mile, Burke; mile, Burke, Jones; 880, Dahl, Baker; 440, Baker; 220, McAulay, Weber, Davis; 100. Weber, McAulay.

St. Martin's entries are as follows: 100, Stack, Dinsmore; 220, Martin, Winthers, Dinsmore; 440. McBratney, Rolfe; 880, Van Mieghem, McBratney, Reynolds, Nichols; mile, Effut, Nichols; 2-mile, Effut; 120 hurdles, Leigh; 220 hurdles, Martin; shotput, Magee, Stack, MacMillan; discus, Robinson, Mac-Millan; javelin, Winthers, Robinson; high jump, Eggers, Van Mieghem; broad jump, Van Meighem, Nichols; pole vault, Winthers, Leigh,

SUNGLASSES

Are letter sweaters becoming cheapened at WWC? Oscar, the Collegian mystery man, was in a quandry. You see, Oscar went to the track meet last Saturday, and he witnessed an Ellensburg man lose third place in the 440, because he was unfortunate enough to foul the Norse runner on the first turn. The young Wildcat, a very good sport, accepted the lots of the gods phlegmatically enough, even though it cost him his letter. Oscar was inquiring about, and he found that Ellensburg requires 8 points in track for a letter and an additional 8 points for a sweater.

This set Oscar to thinking. He reflected that Norse golfers have to win but 9 points in a season that includes at least 8 matches and a possible 24 points, and they annex a sweater. Tennisters have only to take a mere two points out of a possible 10 or 12 and a sweater is theirs. And on the other hand football players must grunt and toil through fall mud for 10 minutes in each of five halfs before they join the W club. Basketball, too, is tough with prospective letter winners having to play ten minutes in ten different halves before they get their just reward.

It all just didn't add up to Oscar, but probably that is because he is a stupid little kid. He kinda thought that they should make the requirements for tennis and golf a little tougher.

Coach Jewell's boys showed complete domination of the tournament in placing four winners in the doubles and singles. The Raider squad will lose their key man, Meyers, this year, but George Livsey, Bellingham, lost to Meyers 6-4, 5-7, and 6-3. Smith and Lambly, Arlington, defeated Griffith and

pearance.
