## Choir Presents Annual Library Concert Sunday

A Cappella Choir Carols Christmas Music in Cathedral-like Setting

● Presenting their fifth annual Christmas concert, the college A Cappella choir under the direction of Nils Boson will be heard in the Library building at 3:45 p. m., Sunday, December 14.

The program will be as follows: "O Come All Ye Faithful" (Reading); "How Bright Appears the Morning Star" (Nicolaï-Bach); "The Three Kings" (F. A. Gevaert); "The Citizens of Chartres" (16th century French arranged by C. Dickinson); "In Yonder Manger" (16th century, Reimann-Dickinson); "The Savior Christ Is Born" (Paul Fehrmann); "O Nightingale" (Awake, 17th century Swiss); "When Christ Was Born of Mary Free" (15th century, H. W. Friedell); "The Angels and the Shepherds" (Bohemian); "Sweetest Jesus" (Old French Flanders); "O Sing A Joyous Carol" (Cruger); "Sing Alleluia" (French); "What Lovely Infant Can This Be?" (Austrian); "The Three Ships" (Colin Taylor); "Silent Night" (Gruber).

## Board of Control Cuts WWCollegian Columns

● It was the decision of the Board of Control, who met Wednesday, that the WWCollegian be instructed to publish a five-column paper until further notice. This decision was made because of financial limitations due to decrease in enrollment.

The beginner's dancing class will be discontinued for the quarter. These classes will be begun again winter quarter if blackouts cease and if the enrollment is large enough.

The Board discussed rec hours, and the possibility of having more "canned music" rec hours during winter quarter was considered.

## Edens Girls To Carol Sunday---Maybe

● Sunday morning a group of Christmas carolers from Edens hall will make their annual tour of faculty homes, serenading various college instructors. The carolers, all upperclass girls, will arise at 4:30 a. m. to make their rounds, and on their return they will have breakfast prepared for them by freshmen and sophomore girls.

However, if the blackout is continued, the caroling will be canceled.

## Bushell Conducts Assembly Concert

● Western Washington college's band will present their annual fall quarter concert in the regular student assembly this morning at 11:00 a. m. Donald G. Bushell will conduct the concert.

A previous performance was played for the Campus school children at 9:00 a. m.

The program will be as follows: "Orange Bowl" (Fillmore); "Mood Pastorale" (Macklen); "Tango, Pamplona" (Babich); played by the band. "Andantino" (Stamitz-Maganini); "The Monotone" (Cornelius-Kramer); "Waltzer" (Volkman-Dasch); by the string ensemble. Concluding the program were the following two numbers by the band: "Elsa's Procession to the Cathedral" (Wagner-Caillet); "Christmas March" (Goldman).

### BLACKOUT REGULATIONS

1. The entire campus area is to be fully blacked out. This means that NO LIGHT WHATSOEVER should be visible to outside observers.
2. The following buildings or rooms of buildings are officially designated by the College Committee as study halls and dating places:
  - a. EDENS HALL DINING ROOM
  - b. EDENS HALL CLUB ROOM
  - c. ORGANIZED HOUSESEach house is to reserve one room officially approved by black out provisions as a study room for its own residents. The kitchen, or any alcove used for cooking within said houses must also be

## Evelyn Peterson To Head Girls' Prep Meet

● Evelyn Peterson, Bremerton junior, recently was appointed by the AWS commission to serve in the capacity of chairman for the coming annual high school girl leaders conference sponsored by the AWS.

This conference, held during the middle of February and in session for one day, has as its aim the fostering of friendliness among the high school and college girls and the obtaining of better knowledge and understanding of high school problems.

Last year delegates from Whatcom, Skagit, Snohomish, and King counties were guests of the Associated Women of WWC. Definite plans concerning this year's delegates are as yet forthcoming. Committee heads will be appointed in the near future, according to Miss Peterson.

## Dorm to Present Tea After Sunday Concert

● From five to seven o'clock Sunday evening, the annual Edens hall tea will be presented in the Blue room. All members of the faculty and their guests are invited, and each dorm girl will be a hostess to one of the faculty.

During the tea the Edens hall choir, under the direction of Miss Mira Boothe, will sing. Dr. Arthur Hicks will give selections on the piano, and the string ensemble, directed by Mr. Donald Bushell, will play.

## Plans Made For Defense By Faculty

Plans Laid To Minimize Air Raid Dangers, Revisions Made In Assembly, Library Instructions

● For the past week an especially chosen Faculty Defense committee with Dr. Merle S. Kudeř, registrar, as chairman, has been working on precautionary measures to insure the lives of students at WWC and in the Campus school.

At the meeting of the defense committee held last night more plans were drawn up and several of the previous plans were changed to conform to new developments in the situation.

In the event that an air raid alarm occurs during an assembly the following rules are in force: (these supplement the instructions given in assembly on Thursday). During an assembly, both rear entrances will be used. All students in the BALCONY should proceed directly via the second floor to the north rear exit; similarly, all students in SECTION A on the main floor should leave by the rear entrance of the auditorium and proceed via the second floor to the north rear exit of the building. Students in SECTIONS B and C should move toward the front of the auditorium and out through the side doorway, proceeding to the stairway directly outside the auditorium and out the south rear exit.

Another change in instructions: college students who are in the Library when an alarm sounds should not proceed to the basement but should remain on the first floor, using east and west corridors so far as possible. Until further notice, students should carry wraps with them to all classes.

Definite announcements regarding further changes in procedure will be made during assembly this morning; at this time detailed mention of a practice alarm will be made.

Regarding training school children, the entire basement of the Library building will constitute their shelter.

Definite assignments have been made to faculty members of both the college and the Training school. These assignments will be posted by assembly time this morning. Dr. C. C. Upshall has been named coordinator of the faculty groups in charge of air raid and evacuation.

Announcements regarding fire fighting squads, auxiliary police, first aid squads, and other groups will be made during assembly this morning.

## As We See It . . . . .

By Frank Shiers-Derry Conlee

● For the first time in the lives of most of us, the United States is involved in a declared war. College students, who are as a whole better informed and more educated than the average man, must not allow themselves to become victims of the war hysteria rapidly growing throughout the country.

It seems evident that citizens of the United States of Japanese descent will, in all probability, suffer even greater injustice at the hands of Mr. Smith and Mr. Jones than did those of German descent during our last conflict.

Many of us know Japanese people; small shop keepers, gardeners, and servants whom we have admired for their quiet unassuming industry. Of an entirely different race, these people have not been absorbed into our great melting pot of nationalities; but, even so, we never before had cause to call them poor Americans. Must we now?

We are not out to destroy a race. We are fighting a form of government—an order for which we of the Western world are in some degree responsible.

Racial hatred is, in itself, a bitter opponent of democracy. While we are fighting for our country, let us not lose sight of the principles for which our country stands.

Derry Conlee.

Now that the holocaust of war is upon us, it is somewhat futile, we suppose, for us to talk about the causes of our present dilemma. Just for conversation's sake, however, we would like to list what we believe to be contributing factors to our present sit

## The Latest News . . . From Houses

**COLLETT COURT:** Blackout preparations at the court are in full swing. Some of the girls are not only talking in their sleep but their teeth are chattering (ouch!) because their blankets are nailed to the windows. Anyone with a radio is mighty popular now days. The lucky soldiers around Collet Court are being well fed; the little angels of mercy serve them coffee, etc., now and then. Too bad about those gals who never start studying 'till midnight . . . they're going to have to turn over a new leaf.

**NIKI ILLIHI:** At Ragan's the annual Christmas breakfast is coming up (no, no, not that way). On this morning each Niki Illihian will discover the identity of her mystery sister. Gifts also will be exchanged at this time. Committees for the breakfast are: refreshments, Joy Hatt, Betty Hatt, Roxana Sawyer, Donna Franklin; program, Lois Ilgen, Hazel Anderson, Eleanor Hallmeyer; decoration, Irene Bartlett, Bernice Oliver, Genevieve Metcalf.

**DOWN'S HALL:** The girls of Downs hall went in for traveling in a big way this week-end; Barthe DeClements was a bride's maid at her brother's wedding in Bremerton, and June Mohrmann attended the Varsity ball at the University.

### MORE BLACKOUT (Continued from Page One)

- thoroughly blacked out and approved.
- It is essential that blackout rules be absolutely observed in early morning hours. Special inspection is carried on until the official termination of the morning blackout.
- It will be permissible to utilize rooms other than those designated above. PROVIDED the college committee has been previously notified of such intention and that adequate blackout measures have been taken by any persons willing to use any new designations.

## Meet Ruth Krause; Valkyrie Gal, Dorm Prexy, AWS Commissioner

• This week we'd like to introduce to you RUTH KRAUSE, a WWC "prominent" whom you probably all know, whether you are aware of it or not. Every one of you must have gone up to the library one night this quarter (for one reason or another) and if you have, you surely have noticed the attractive brunette student librarian at the circulation desk.

This campus queen is our girl-of-the-week, Ruth Krause. Recently Ruth was named among the fourteen WWC students mentioned in "Who's Who Among Students in American Colleges and Universities." When we examine her school record and find she is president of Edens hall, AWS commission member, Valkyrie member, and a past chairman of many successful social functions, we can understand her being chosen for this honor.

Her three years at WWC seem to have agreed very well with Ruth; there are no gray hairs in her short, brown curls; no worry-wrinkles or crows feet beside her clear hazel eyes; she is still able to giggle with the best of the dorm gals. Wayne Kotula appreciates her as much as Who's Who does . . . at least he's been seen constantly in her company for the past three years . . . must be something in that!

## WRA Members Active This Week

By Elaine Ringstad

**DANCE CLUB** will present a Christmas dance for the Edens hall annual Christmas dinner, Tuesday, December 16.

Monday night, December 8, terminated the **DANCE CLUB** meetings for this quarter. See you all next quarter when we start **ORCHESIS**.

**AS THE PING PONG TOURNAMENT** ends Friday with 5:00 p. m. marking the dead-line, all ping pong games must be played this week. So hurry, girls, and do some fast challenging.

**FOLLOWING** their regular meeting, the **BLUE BARNACLES** held their Christmas party last Monday night. Water polo seemed to be the most popular game, and those popcorn balls and candy canes were good, weren't they?

This was the last meeting of the quarter, so you girls who are neophytes, don't forget try-outs next quarter.

**WE HEAR** that riding may be started next quarter. That and bowling will be two new sports to look forward to. Watch the WRA bulletin for further information.

● **Championship rating** for the first half of the intramural basketball season was captured by Wayne Ensign's Sweepers who defeated Pippa Gamma by the score of 31 to 24, Monday afternoon. Cliff Webster, league's high individual scorer, led his teammates to victory by canning 10 points. The Sweepers have been champions for the past two years. They took the lead at the sound of the first whistle and held onto until the final blast.

In other games this week, Daniels swamped White Mice 42 to 25 and Hilltop won from Hospice by a forfeit. In the game between Daniels and the Mice, Carroll Emory, right forward of Daniels, led his team to victory by dropping in 17 counters.

# SPORT ... TALK

By Jim Gilroy

With unprecedented rapidity the sport situation at WWC has changed almost completely. Although it is too early to make any definite statements, it is fairly certain that college sports, varsity and intramural, will suffer heavy losses due to the war.

WWC has already felt a loss to its basketball team. Lanky Lyle Pettyjohn has been put on 48-hour call and probably will be lost before the first league game. Many members of the football squad have expressed their intentions of enlisting in the armed services. Tuffy Nelson, 1941 inspirational player, has already signed for the naval reserve. Many other athletes will undoubtedly be in the service by January.

*Unless the war situation becomes more serious there is every reason to believe that there will be a few males left in WWC. We understand that there were about six males attending the Normal in the fall of 1918, but the chances are that such will not be the case this time. At any rate, with six or six hundred men students the athletic program should go on the best it can. Now, more than ever, the need for physical fitness should be emphasized. Everyone who is at all able should participate in an active sport of some kind. The intramural program should strive to include all our students, and the students should consider it part of their duty to maintain their physical strength and health. In addition to the benefit of opportunity for physical exercise, sports, particularly varsity games, afford a much-needed form of relaxation and entertainment for a war-conscious public.*

According to a clipping from a recent paper, 1941 is the fiftieth anniversary of the invention of the game of basketball. The popular sport is said to have been originated by Dr. James A. Naismith at Springfield college, Massachusetts, in 1891.

In the short space of fifty years, basketball has grown to be one of America's most popular sports. As a spectator sport it has few rivals for speed, thrills, and spirit of competition. Here in the Northwest it is particularly popular with the sports fans who like plenty of fast action. Basketball, football, and baseball make up the "big three" spectator sports in the Northwest.

## VIKS DISPLAY SPEED, ACCURACY IN THURSDAY EVE CONTEST

● **Displaying a surprising amount of early season power and speed**, WWC's Vikings rolled over the Paine Field five 65 to 37 in the opening game of the basketball season played in the college gym Thursday, December 4.

Although the Paine Field Flyers were heavier and taller than most of the Viking players, they lacked the speed and accuracy shown by the WWC squad. The Vikings took command of the ball game in the opening minutes, scoring 10 points before the Flyers managed to hit the bucket. Although they staged a rally in the second half, the Flyers never managed to seriously threaten the Viking lead. Score at half time was 30 to 11 in favor of the Vikings.

Coach Lappenbusch put two different quintets on the floor against the Flyers. The first squad consisted of Ropes, Lowery, Pettyjohn, Nyberg, and Kink. A second combination which worked almost as well against the Flyers had Munizza, Vernon Dahl, Richardson, Ludwick and Harkleroad on the court against the Paine Fielders.

In the first game of the evening, the YMCA team defeated the Super Varsity 33 to 31. Hank Chamberlain, former WWC star playing for YMCA, scored 17 points against the Supers, while Strankman led the Super Varsity with 11 points.

## War Measure . . . .

The WWCollegian staff regrets to announce that the Board of Control, because of limited finances, has asked us to cease publication of our regular seven-column newspaper. Henceforth, the WWCollegian will be seen in five columns.

Between now and next quarter we urge that the Board of Control delve into means and methods of securing more funds for the support of a seven column newspaper. Even during the height of the depression, the size of the paper was not cut down to five columns.

It has taken many years to build the WWCollegian up to its present status in the field of journalism; it should not be torn down recklessly. The WWCollegian, because of its present high standards, is an invaluable asset to Western Washington college. It might be pointed out that the WWCollegian was the only college paper in the state of Washington to gain All-American rating in national collegiate competition last spring.

## Liberty . . . . .

Between the articles in Campi we have been printing symbols that make up an "L" in Morse code. European countries have their "V" for Victory; let us incorporate another slogan, "L" for Liberty, because liberty is the ultimate reason of our wish for victory.

America was the red man's country. All other peoples now living on this continent spread into it from other settled regions of the world. Ever since the discovery of our land, men have turned their faces hopefully toward it whenever they wanted better and happier conditions for themselves and for their children. The eyes of the world are on this nation now, and again they want better and happier conditions. They want liberty, . . . liberty to go to school and to church, liberty to talk with their neighbors and to walk unmolested through their streets . . . liberty to sail and trade on the earth's great oceans; and most of all liberty just to live. Again America is serving as the symbol for this liberty. So, we shout "V" FOR VICTORY . . . . "L" FOR LIBERTY . . . . .

Bernice Shellhamer.

## National Emergency Cuts Broadcasts

• "Radio programs from the college studio will be discontinued until the present emergency limiting broadcasting facilities is over," announced Ramon George, head of the Speech department, last Tuesday. The regular broadcast of the Radio 120 players was not broadcast this week, nor was the "Campus News-Week in Review" aired Thursday evening.

Radio station KVOS in Bellingham has been appointed by the second interceptor command as the official voice of authority during the emergency period. All college programs, including the IRC broadcasts and the proposed Vanadis Bragi programs have been dropped indefinitely.

The only program that might possibly be aired, according to George, is the news broadcast, and that only if night programs are restored.

## Association Plans Christmas Party

• Plans are being completed for the ACE Christmas party to be held in the kindergarten room of the training school next Monday night.

The committees and members are as follows: decorations, Nancy Shay, chairman, Barbara Beyer, Jean Forester, Mildred Hanson; refreshments, Bernice Oliver, chairman, Gertrude Rantanen, Jennie Beers, Genevieve Metcalf; clean-up, Lucille Jellesma, chairman, Corinne Klann, Ronney Swalling.

Kathryn Alvord is the general chairman of the party.

## Freshly Cut

### The Facts of Life

A little bird sits on a tree,  
Now he flies away,  
Life is like that—  
Here today — gone tomorrow.  
A little bird sits on a tree.  
Now he scratches himself.  
Life is like that—  
LOUSY.  
—The Cue, University of Dubuque.

This week's note on nutrition is borrowed from that noted expert on the Dubuque, Iowa, paper, Miss Nomer. She says that to reduce, after eating three chocolate sundaes you should give your Coke to some fortunate friend.

First Fellow: What would you do if you saw a woman drowning?

Second Fellow: I'd throw her a bar of soap.

First Ditto: Why soap?

Second Ditto: Oh, to wash her back.  
—Fresno State Collegian.

Overheard in the PE Class:

Girl: I'll stand on my head or bust.

Instructor: Just stand on your head.

—Ubyssy, University of B. C.

And we borrowed our two parting bits from the Campus Crier at Ellensburg, Washington.

Wisdom: Those who go to college and never get out are called professors.

How about that, faculty?

Man is the only animal who blushes—our needs to.
